PINSA

"Pinsa" comes from the word "Pinsere" which is Latin for pressed or flattened, and that

happens to our dough that gets pressed into an oval shaped, cloud-like crunchy and easy to

digest pizza. The mix of flour we use, wheat & soy, combined with a high percentage

of water, rice flour and mother dough result into a high hydrated pizza that has no fats or sugar.

Pinsa is a light, airy, crispy and highly digestible pizza that won't weigh you down!
