

Why a Healthcheck?

Our Healthcheck packages are proven, effective and cost-efficient ways to build a roadmap to future Rippling success.

What's involved?

Our Healthcheck packages generally include the following steps:

1. Kickoff & Stakeholder interviews
2. System review & exploration
3. Summarize discovery
4. Present findings and proposed roadmap

Rippling Healthcheck

We help clients assess and optimize their Rippling setup across any module—HRIS, Payroll, IT, Spend, and more. Our discovery engagements are flexible, efficient, and tailored to your goals. Options include:

Lite (\$2000)

- Quick assessment to surface key issues and next steps
- Stakeholder interview, system review, summary, and presentation

Standard (\$4000)

- In-depth assessment, multiple stakeholder interviews, detailed roadmap and demo

Deep-Dive (Custom pricing)

- For complex needs involving multiple modules, entities or teams

STARTING AT:

\$2000
