Kerikeri

# Pania's Whare

- Underfloor foil insulation replaced with polyester insulation
- New heat pump
- Portable heater and blankets through Habitat Winter Warmer Packs
- Window repair in living room and bedroom
- Repaired window latches
- New hot water cylinder
- New polycarbonate roofing for outdoor deck
- Repaired 2x sliding doors and handles
- 7x sets of full-length, double-lined curtains and tracks
- New Bathroom funded by Te Puni Kōkiri
- New Heat pump

# Major Repairs

Te Whatu Ora provides funding for major repairs, ensuring Habitat's Healthy Homes Programme can support whānau who are in need critical home repairs.

These major repairs ensure whānau have warm, dry, healthy homes to support better health outcomes for them and their tamariki.

# Stevie's whare before

# Stevie's whare after

# Krystal's whare before

# Krystal's whare after

# Krystal's where repairs

- Insulated walls, ceiling and underfloor
- Lined walls and ceiling of entire cabin
- Built stair way entry into home
- Designed and installed solar panels to power cabin

*"it's such a relief to know that we can come home and just switch the light on and be able to rely on having power rather than having to ask ourselves do we have enough gas to last the week,"*  
- Krystal

# Thank you
