SUMMARY

Diverse actor, performer, and on-screen talent with a proven track record at world-renowned theaters such as Improv Asylum & LA Connection Comedy in addition to starring in a number of lead roles for festival winning, independent films. My vulnerability on stage and on camera channels the audience through years of training and perfecting acting methods from Meisner to Stella Adler to Improv. In theater, my voice matches my expansive list of roles through the art of singing and speaking in different accents/dialects. My credits reach all corners of the industry from film to theater to online media.
