

## CLEANING AND MAINTENANCE

- Gently wipe the earmuffs with a damp cloth to remove dirt.
- Headbands can be handwashed or machine washed (use mild detergent, cold water, gentle cycle).
- Fully dry the earmuffs and headband before storing in the provided storage bag.

## Note:

Please adjust the product appropriately when wearing it, avoiding excessive tightening or loosening of the headband to ensure baby's comfort and prevent slippage.

## ATTENTION

The earmuffs are fitted, adjusted and maintained in accordance with the manufacturer's instructions. The earmuffs are worn at all times in noisy surroundings.

The earmuffs are regularly inspected for serviceability. If the above recommendations given are not adhered to, the protection afforded by the earmuffs will be severely impaired.

The earmuffs, and in particular cushions, may deteriorate with use and should be examined at frequent intervals for cracking and leakage, for example.

The fitting of hygiene covers to the cushions may affect the acoustic performance of the earmuffs.

This earmuff helps to protect the hearing from harmful noise and other loud noises. An improper or negligent, i.e. discontinuous use in a noisy environment can cause hearing damage. For correct use, ask your supervisor, read the instructions for use or contact the manufacturer. If you feel that you have bad hearing, or if you hear ringing or buzzing during or after you have been exposed to noise, or if you suspect a hearing problem for any other reason, leave the noisy area immediately and turn to a medical professional, contact a specialist or your supervisor.

## Storage

When not in use, it is recommended that your Baby Ear Defenders are stored in a clean dry poly bag away from direct sunlight. Ensure the Baby Ear Defenders are completely dry before returning them to the poly bag. The lifetime of the product is one year.

## Product information

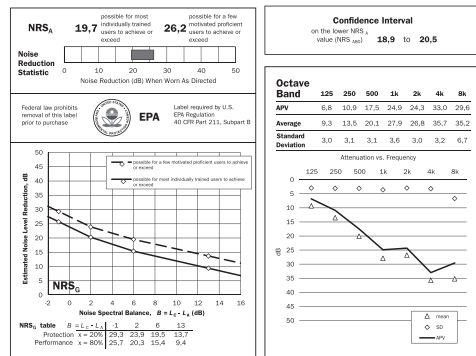

Product name: Earmuff  
Model: HQ-GE730  
Size range: S

Material:  
Headband: 70% polyester, 30% latex  
Muffs: Cover: Durable ABS  
Padding: PU  
Mass: 139g / 0.31lb

**The earmuffs meet the requirements of PPE Regulation (EU) 2016/425 and the harmonised standard EN 352-1:2020.**

ATTENUATION DATA  
Tested according to EN352-1:2020

Frequency [Hz]	Mean Attenuation [dB]	Standard Deviation [dB]	Assumed Protection Value [dB]
125	14,5	3,7	10,8
250	17,9	1,7	16,2
500	23,9	1,4	22,5
1000	31,3	1,7	29,6
2000	29,9	4,2	25,7
4000	37,3	5,2	32,1
8000	43,0	3,6	39,4

## Ear muff for babies and toddlers.

Make sure to always wear the earmuffs in noisy environments. Check earmuffs regularly to ensure they are in proper working condition and store them in their original clean packaging. Earmuffs, and the pads especially, can wear out from use and should be checked for tears or leakage regularly. Putting covers over the earmuffs may influence their acoustic performance. Please note: Always ensure adult supervision when used. Material: Cover made from ABS, padding made from PVC+PU, headband made from polyester. Does not contain any metal parts. Some chemicals have a negative impact on the earmuffs. Not following the user manual instructions can severely harm the earmuff's service life and their protective capabilities.

## Casque anti-bruit bébé

Assurez-vous de toujours porter les cache-oreilles dans les environnements bruyants. Vérifiez régulièrement les cache-oreilles pour vous assurer qu'ils sont en bon état de fonctionnement et rangez-les dans leur emballage d'origine propre. Les cache-oreilles, et les coussinets en particulier, peuvent s'user lors de l'utilisation et doivent être vérifiés régulièrement pour détecter les déchirures ou les fuites. La pose de couvercles sur les cache-oreilles peut influencer leurs performances acoustiques. Veuillez noter: assurez toujours la surveillance d'un adulte lorsqu'il est utilisé. Matériel: couverture en ABS, rembourrage en PVC+PU, serre-tête en polyester. Ne contient pas de pièces métalliques. Certains produits chimiques ont un impact négatif sur les casques d'écoute. Ne pas suivre les instructions du manuel d'utilisation peut gravement nuire à la durée de vie du casque et à ses capacités de protection.

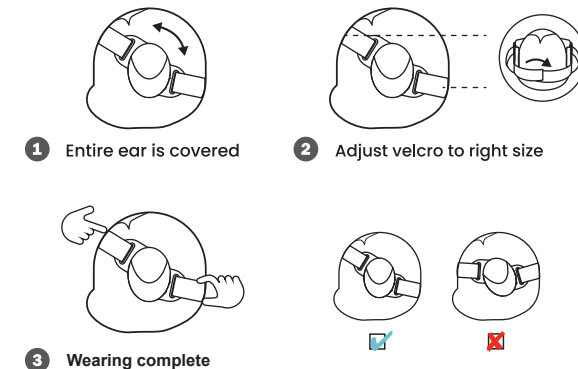

## Oorkap voor baby's en peuters.

Drag altijd oorkappen in lawaaiige omgevingen. Controleer de oorkappen regelmatig om er zeker van te zijn dat ze in goede staat zijn en bewaar ze in de originele schone verpakking. De oorkappen, met name de pads, kunnen slijten door het gebruik en moeten regelmatig worden gecontroleerd op scheuren of lekkages. Het plaatsen van een deksel op de eigenschappen, oorkappen kan invloed hebben op hun akoestische let op: zorg ervoor dat u toezicht houdt op volwassenen tijdens het gebruik. Materiaal: de behuizing is gemaakt van ABS, de voering is gemaakt van PVC+PU en de hoofdband is gemaakt van polyester. Bevat geen metalen onderdelen. Sommige chemicaliën hebben een negatief effect op de oorkappen. Het niet volgen van de instructies in de gebruikershandleiding kan

## Ohrenschützer für Babys.

Der Gehörschutz ist in einer lauten Umgebung immer zu tragen. Der Gehörschutz sollte immer in der sauberen Tragetasche aufbewahrt werden. Die Kissen des Gehörschutzes, können durch häufige Verwendung Verschleißspuren aufweisen, z.B. in Form von Rissen, daher sollten diese regelmäßig auf die Funktionstüchtigkeit kontrolliert werden. Das Anbringen von Überzügen über den Kissen kann die akustische Leistung des Gehörschutzes beeinflussen. ACHTUNG! Verwendung ausschließlic unter Aufsicht von Erwachsenen. Material:Abdeckung ABS, Kissen PVC+PU, Stirrband Polyester. Das Produkt enthält keine Metallteile, Manche Chemikalien haben einen negativen Einfluss auf den Gehörschutz, daher ist es zu empfehlen das Produkt ohne aggressive Chemikalien zu reinigen. Die Nichteinhaltung der Gebrauchsanweisung kann die Lebensdauer und die Schutzfunktion des Gehörschutzes ernsthaft schädigen.

## User Manual
