

KCARC

Wood and Metal

Capabilities Statement

KCARC (Knox County Association for Remarkable Citizens, Inc.) is a mission-driven manufacturing organization delivering high-quality wood products and sewn goods while creating meaningful employment opportunities. We combine precision manufacturing, scalable production, and a highly trained workforce to support both government and commercial partners.

Core Competencies

- 35+ years working with Mil-Spec crating for Federal customers
- Custom wood crating and industrial wood packaging
- High-volume production with consistent quality standards
- Ability to scale production based on demand
- Multiple CNC router tables for complex design or dunnage
- Immersion tank for fungicide treatment

Differentiators

- ISO 9001:2015 Certified
- ISPM 15 Certified
- CMMC Level 2
