

KCARC

CUT AND SEW

Capabilities Statement

KCARC (Knox County Association for Remarkable Citizens, Inc.) is a mission-driven manufacturing organization delivering high-quality wood products and sewn goods while creating meaningful employment opportunities. We combine precision manufacturing, scalable production, and a highly trained workforce to support both government and commercial partners.

Core Competencies

- Production of **technical garments and sewn products**
- Full-service **design and development support**, including:
 - Tech pack creation
 - Prototype development and iteration
- Experience with:
 - Flame-resistant (FR) fabrics
 - Cut – resistant fabrics
 - High Performance materials

Differentiators

End-to-end capability from concept to production. Ability to handle delicate to heavy-duty fabrics. Flexible production model for both small and large orders. Mission-driven workforce with strong retention and engagement. ISO 9001:2015 Certified
