

Patients and families know from personal experience the impact that compassionate care can have on recovery and wellness, and often ask how they can say 'thank you.' One meaningful way to do so is to make a contribution to Lake Sunapee Region VNA & Hospice *in honor of the nurse, therapist, aide or any staff member who made a difference to you.* In addition to the happiness staff feel as a result of these tributes, you are providing vital resources that help sustain the best team possible! Staff members are notified when gifts are made in their honor and by whom (*we do not share the specific dollar amount of each gift*).
