

Post Graduate Diploma in Sustainability Management

Why Choose This Program?

The PG Diploma in Sustainability Management is designed for future leaders who want to address pressing ecological and social challenges through practical, field-based solutions. Students engage directly with communities and biodiversity-rich landscapes, developing hands-on skills in sustainability, climate action, and natural resource management.

Program Highlights

- **Immersive Field Learning:** Work in IORA's Sentinel Landscapes across India.
- **Unique Co-Learning Model:** Urban & rural students paired for shared knowledge.
- **Capstone Project:** Design and implement sustainability projects with measurable community and ecological impact.
- **100% Placement Assistance:** Career support through IORA's networks in industry, NGOs & government.

Course Fees: INR 1,68,000/-
