MAKE SPACE COLLECTION COM AND UC PROCEDURE

Customer's own Material (COM)

In order to do our best to ensure that Make Space products upholstered in COM textiles meet your expectations for appearance and durability, we require that all COM fabric, vinyl and leather is reviewed for performance and quality.

Approval Procedure:

Contact your fabric representative to confirm fabric width, pattern repeat and direction. Include relevant information along with your sample, bearing in mind that fabric limitations such as roll width and "stretch" may impact options.

Send a minimum 6"x6" sample of the COM textile to Seating Inc. along with product style number and order quantity, and your contact information.

Seating Inc. will test for suitability and notify you of approval and specific yardage requirements.

IMPORTANT:

- 1) Seating Inc. will not be held responsible for any COM textile wear, defects or appropriateness.
- 2) Seating Inc. reserves the right to refuse any COM material it deems inappropriate for any reason.
- 3) The buyer assumes responsibility for all costs associated with approval, shipping, receiving, storage and other charges related to a COM order.

Ordering (for approved COM textiles)

Yardage in the price book is based on 54" non-patterned material. COM requirements may increase or decrease depending on the width of the roll, pattern repeat and direction, and the quantity of products to be manufactured. Please call the factory for final confirmation of yardage before placing your COM fabric order.

Apply Grade One pricing when you prepare a purchase order for COM.

Order COM textile from appropriate mill or jobber making sure that orders are tagged with the purchase order # that matches the order to Seating Inc.

Ship to:

Seating Inc.

60 North State St.

Nunda, NY 14517

800-468-2475.

Production lead times will be confirmed after COM textiles are received by the factory.

IMPORTANT:

- 1) If you wish to have any unused material returned to you, indicate this on the purchase order.
- 2) You must understand and acknowledge that you, the buyer, are responsible for all handling, packaging and shipping costs to return the materials.

UPHOLSTERY COMBINATION (UC)

A minimum of \$54 will be charged for UC. Due to variations in models and sizes, yield and/or pattern matching, additional costs may apply. Call Seating Inc. to confirm these costs.

When combining carded or graded in textiles of different grade levels, products will be priced at the higher grade level.

Indicate the pattern direction when specifying upholstery combinations in non-solid textiles, bearing in mind that fabric limitations such as roll width and "stretch" may impact options.

Refer to information above for COM.

MAKE SPACE COLLECTION PACKAGING & FREIGHT CLAIMS

Every consideration is given to ensuring that our products are received by you, or your customer, in the same condition as when it leaves our factory. We know your order is not complete until this is accomplished. All of our products are either shipped via UPS/FedEx, common carrier, or private carrier. This is determined by the number of cartons required for shipping your order, and the destination location.

PRIVATE CARRIER AND COMMON CARRIER

Only orders that are big enough to fill at least a truckload are considered for private carrier shipments. For large quantity orders, we are happy to deliver cardboard wrapped, sometimes referred to as blanket wrapped, fully assembled orders. This is the most convenient way to receive chairs. Simply roll the chairs off the truck into your customer's space. Cardboard wrapping may not be suitable for all chair types and textiles. Call us directly to set up this service. Note: Customer is responsible for disposing of the cardboard.

LTL

Products packaged for LTL shipments may use combinations of private & UPS/FedEx packaging as we see fit. Orders that do not fill at least a truckload will be subject to shipment by LTL. Make Space products that will be shipped using LTL are noted on each product page within this price book.

UPS/FEDEX

Make Space products that can be shipped using UPS/FedEx are noted on each product page within this price book.

PACKAGING

We have worked diligently with carriers to ensure that our cartons, packaging, labeling, etc., not only meet their restrictions for size and weight, but more importantly, will arrive at its destination with the least likelihood of any damage.

All cartons have:

- 350lb double wall construction
- Cardboard "cross-inserts" to prevent side impact shock to the chair
- Access holes for easy lifting
- Stapled seam for extra strength
- Foam padding to prevent impact shock to the chair

FREIGHT CLAIMS

Even though we take every precaution to ensure your order arrives with no damage, we cannot control events that may take place in transit. It is the responsibility of the party receiving the shipment to inspect it for signs of damage before signing the bill of lading. Signing the bill of lading releases the carrier and Seating Inc. from any responsibility for damages occurring during transit.

Caution: after obtaining a clear receipt for shipment, the delivering carrier is no longer responsible for damages or shortages.

It is your responsibility to report any shortages or outward damages on the bill of lading. You protect yourself by refusing shipments showing damage or shortage until transportation carrier has noted on the delivery sheet the extent of damage or shortage.

In the event of "hidden damage" it is the responsibility of the party receiving the shipment to contact Seating Inc. immediately.

Damage to contents must be reported within 2 days from the date of delivery. If at all possible, please take pictures of the damage.

All merchandise should be retained in the original shipping container, in the same condition it was in when loss or damage was discovered.

If you experience concealed damage:

1. Call Seating Inc. to report the damage immediately.
Then write an affidavit giving date damaged product was received and the damage incurred. If possible, take pictures of the damage.
2. Retain all merchandise in the original container.
3. Contact Seating Inc.'s shipping department (800.468.2475, production@seatinginc.com) to advise them of the damage situation and be prepared to provide detailed order and product information.
4. Send a copy of your affidavit to Seating Inc. and any pictures, if available. It will be the responsibility of Seating Inc. to file a cargo claim within prescribed time limits and to respond to any requests from the carrier for supporting documentation. The damaged product must be retained until the claim is resolved, or until the claimant is given disposition by the carrier.

Every seat has a story.

It starts with genuine, hands on craftsmanship where both style and materials are tested and trusted, right down the production line, all the way to the satisfied customer. And it's been that way since 1989.

For us quality isn't just a word, it's the only way, and it never takes a backseat to the bottom line. That's why your seat is safe with us.
