The Dennis Schumann Charitable Foundation

Vista House of Lovingkindness – *Beit Chesed* is a sacred, inclusive community of belonging that supports, uplifts, and celebrates Jewish individuals with autism and other special needs and their family members, throughout their lifespans, providing a stable Jewish spiritual home and Jewish Education services through our *Nes Gadol* (Great Miracle) program.

We welcome individuals and families from all walks of Jewish life to join in our community — the LGBTQ+ community, the Disability community, Jews of Color, Jewish beginners and seekers, the neuro-divergent, the neurotypical, the lonely, the alienated, the curious and the open-hearted and *friends from all backgrounds* — ALL are welcome in our House of Lovingkindness.
