Equal Edge

COLLEGE IS TOUGH. LET'S MAKE IT A LITTLE EASIER.

Equal Edge helps you organize your life without adding more to it. Built alongside neurodivergent college students, Equal Edge is an evolving planning and support app, and our pilot gives you the chance to help shape its future.

HOW EQUAL EDGE HELPS

Bring it all together
Keep classes, assignments, deadlines, work, appointments, and everything else competing for your time in one place.

Know what needs your attention
See what's ahead and what matters now, so you can spend less energy figuring out where to start.

Break down the big stuff
Turn assignments and projects into smaller, manageable steps that make it easier to get started and keep going.

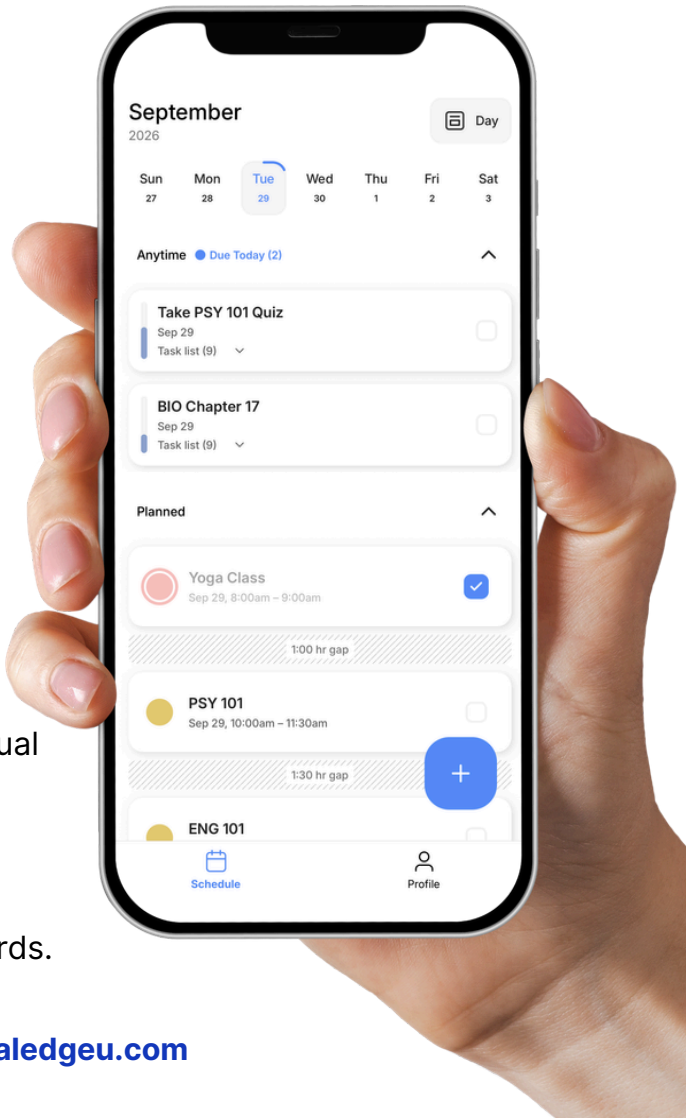
Build skills that stick
Strengthen executive functioning skills like planning, prioritizing, time management, and task initiation—skills you can use in college and beyond.

LET'S BUILD THIS TOGETHER

Join the Student Ambassador Program.
Equal Edge is still growing, and that's where you come in. By joining the Student Ambassador Program, you'll help shape new features, share your ideas, earn rewards, and help build a tool that supports students for years to come.

Whether you participate by using the app and sharing feedback, posting on social media, or tabling on campus, you're making a real impact.

- Earn points and rewards
- Help shape the future of Equal Edge
- Support students like you



Getting started is easy!

1. Scan the QR code
2. Choose how you want to use Equal Edge by downloading the app or opening the web version
3. Create your account
4. Head to your profile
5. Tap Go to Ambassador Platform
6. Complete challenges. Earn rewards. Make an impact.
