Kore.ai AWS Dialogue: Mumbai Edition

By invitation only

 17th April 2026, Friday

 Hilton Mumbai International Airport

MUMBAI

In collaboration with

You are invited to an exclusive, invitation-only roadshow by "Kore.ai AWS Dialogue - Mumbai edition in collaboration with AWS, assembles only the most visionary business and technology leaders from Mumbai. As organizations race to reimagine how work gets done, this exclusive series will convene business and technology leaders to explore how Agentic AI - powered by Kore.ai and AWS's scalable cloud and data capabilities - is driving measurable impact across industries.

As the C-suite mandate shifts from 'experimentation to 'execution the Kore.ai Dialogue, in collaboration with AWS, assembles only the most visionary business and technology leaders from Mumbai .

Why Attend?

This is where strategic leaders explore how to:

Secure ROI, not just pilots

Focus on implementing Agentic AI solutions that transition directly from proof-of-concept to delivering demonstrable, organization-wide financial returns.

Intelligent orchestration

Understand how integrating the Kore.ai Agentic AI Platform with AWS's scalable cloud and data stack enables secure, enterprise-grade intelligence across your infrastructure.

Core business Transformation

Acquire high-value insights on leveraging AI to fundamentally change every function—from enhancing customer engagement and boosting workforce productivity to establishing unmatched operational agility

Attendance is reserved for those actively defining their organizations future.

Don't wait for your competitors to set the pace. Secure your place at the conversation that will define the next decade of enterprise performance.

Your seat at the forefront of AI transformation awaits.
