

# 66 CLASSIC EXPLORER

## *The* PINNACLE *of* PASSAGE-MAKING

3000+ NM, Range @ 8.5 kn

2 Engines

4 Cabins

4 Heads

As part of our Classic Explorer series, the Selene 66 Classic Explorer combines timeless trawler yacht styling with next-generation performance.

Featuring the exceptional safety, comfort, and reliability that every Selene is known for, the Selene 66 also provides owners to enjoy a significant expansion of living and operating space across the yacht. This is most evident in the larger cockpit and extended covered deck, which now makes room for lounge chairs in addition to the built-in settee.

Along with standard twin engines, the larger Deep Hull structure provides more stability on extended voyages. These traits have made the Selene 66 Classic Explorer an ideal yacht for those who enjoy entertaining or who want to live aboard their vessels.

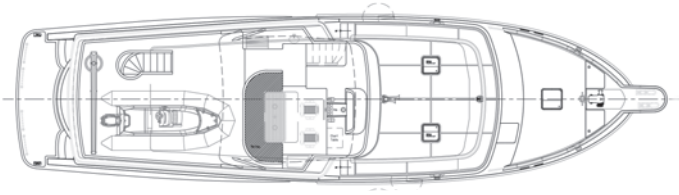

Like all Selene yachts, the Selene 66 is built to your needs and lifestyle. From galley configuration and number of engines to custom bathtubs, we go to great lengths to make sure you get the Selene you desire.

Put simply, by combining luxurious accommodations, advanced engineering, and exceptional craftsmanship, the Selene 66 Classic Explorer stands as a true pinnacle of passage-making.

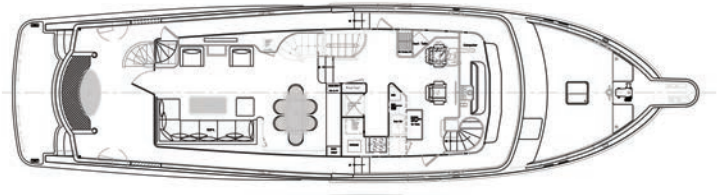

### **The Selene 66 Classic Explorer offers you:**

- Standard twin engines from John Deere or Cummins
- Option of 'Wide Body' configuration for increased living/entertaining space
- Robust systems and standard remote monitoring
- Expansive flybridge with 10-person settee, built-in BBQ, sink, and refrigerator
- Flexible placement of galley ('galley up' in pilothouse or 'galley down' in salon)
- Spacious lazarette accessible directly from the swim step
- Choice of premium stone countertops and wood finishes for interior styling
- Functional inset swim platform
- FRP hardtop for shade and protection from the elements
- High-end appliances and equipment throughout
