

# 60 CLASSIC EXPLORER

## TIMELESS STYLING *with* NEXT GENERATION PERFORMANCE

3000+ NM, Range @ 7.5 kn

1 or 2 Engines

3 Cabins

2 or 3 Heads

As part of our Classic Explorer series, the Selene 60 Classic Explorer combines timeless trawler yacht styling with next-generation performance.

Featuring the exceptional safety, comfort, and reliability that every Selene is known for, this Selene 60 provides significantly more space than a Selene 54, while being nearly as easy to handle. This has made it an ideal vessel for those who take extended voyages or choose to live aboard their yachts.

Built on the renowned Selene Category A Deep Hull design, the Selene 60 features a raised sheer line and higher deck, resulting in more living and storage space as well as greater headroom throughout the cabins and engine room.

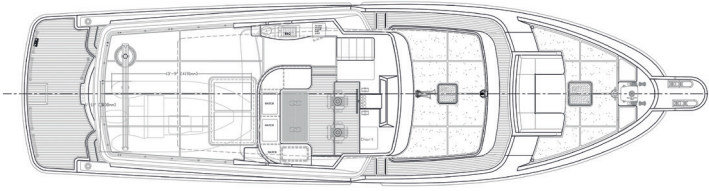

Like all Selene yachts, the Selene 60 is built to your needs and lifestyle. From galley configuration and number of engines to custom bathtubs, we go to great lengths to make sure you get the Selene you desire.

Put simply, by combining luxurious accommodations, advanced engineering, and exceptional craftsmanship, the Selene 60 stands as a true pinnacle of passage-making.

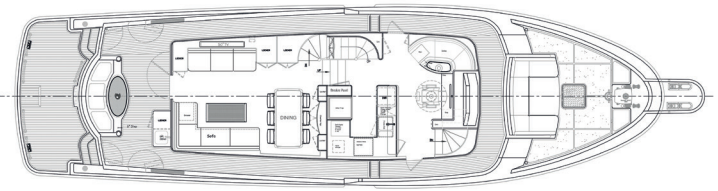

### The Selene 60 Classic Explorer offers you:

- Choice of single or twin engines from John Deere or Cummins
- Option of 'Wide Body' configuration for increased living/entertaining space
- Robust systems and standard remote monitoring
- Expansive flybridge with spacious settee, built-in BBQ, sink, and refrigerator options
- Flexible placement of galley ('galley up' in pilothouse or 'galley down' in salon)
- Spacious lazarette accessible directly from swim step
- Choice of premium stone or Corian and hardwoods for interior finishes
- Functional inset swim platform
- FRP hardtop for shade and protection from the elements
- High-end appliances and equipment throughout

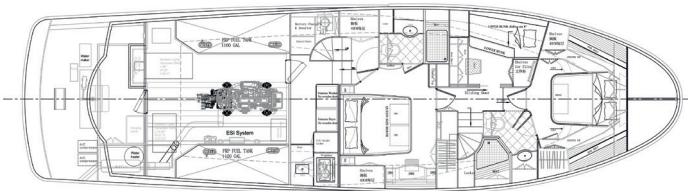

### Upper Deck

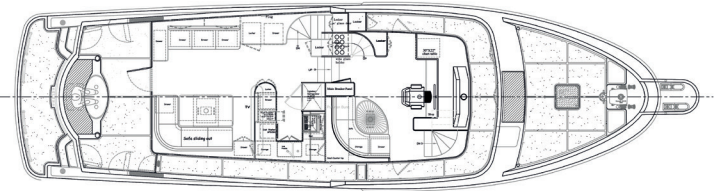

### Main Deck, Galley Up

### Lower Deck

### Wide Body, Galley Down
