<p>One credential. Simplified interoperability.</p> <p>The launch of LEAF Verified is a meaningful step toward greater flexibility and ecosystem-wide compatibility in access control. Solutions that support scalability, migration, and infrastructure evolution without disruption are exactly what this industry needs.</p> <p>We are proud to be part of The LEAF Community supporting innovation like</p>	<p>SCALABLE INTEROPERABILITY</p>  <p>Download</p>

this.

Learn more about LEAF Verified: Product page

One credential. Three transformations.

🔒 Security – reducing complexity and strengthening protection.

🔄 Interoperability – enabling broader ecosystem flexibility.

✨ Experiences – unlocking new value beyond access.

We're excited to see the launch of LEAF Verified and the continued momentum toward more open, innovative credential solutions.

As members of The LEAF Community, we believe in moving the industry forward—together.
