

Product Information

PAVING SLAB

Versatile. Durable. Resilient.

The paving slab is made from FormaTurf Composite, a material produced using a patented process that utilises 100% recycled components from decommissioned artificial turf systems. The resulting products are universally applicable, and the textured surface helps reduce the risk of slipping.

FormaTurf Composite is a recycled plastic, so variations in surface texture and colour may occasionally occur.

Advantages:

- Resistant to environmental influences
- Fire class Efl (EN13501-1:2018)
- Made from 100% recycled artificial turf systems
- Water-repellent
- Textured surface reduces the risk of slipping
- Safe and stable installation
- 100% recyclable
- UV-resistant

Dimensions*:

- 400 x 400 x 20 mm
- 400 x 400 x 30 mm
- 400 x 400 x 50 mm

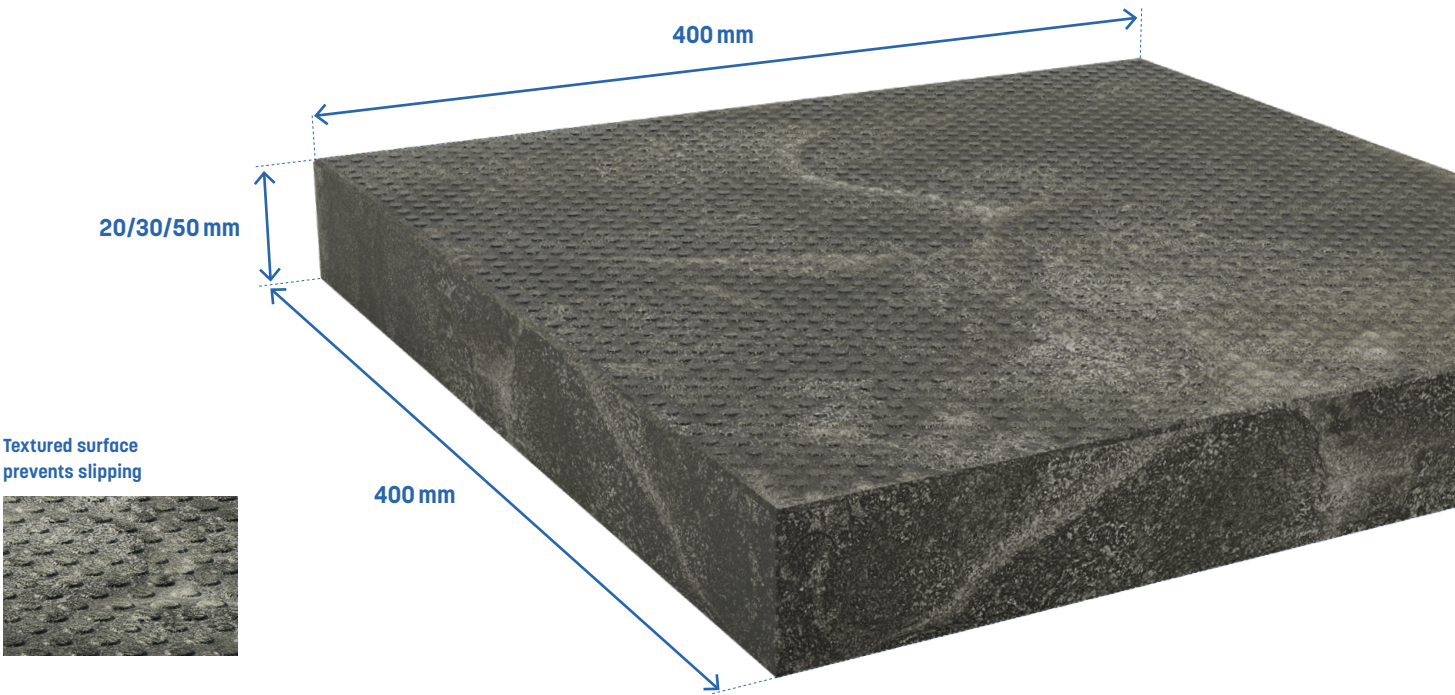

* Please note that minor variations in dimensions and weight (up to $\pm 5\%$) are possible due to the recycled materials used.

Technical data*

Item no.	Length	Width	Height	Weight	PU	PU Weight	PU Dimensions
520025	400 mm	400 mm	20 mm	6 kg	156 pcs.	1000 kg	approx. 9.000 kg
520020	400 mm	400 mm	30 mm	9 kg	102 pcs.	1000 kg	approx. 9.000 kg
520015	400 mm	400 mm	50 mm	14 kg	66 pcs.	1000 kg	approx. 9.000 kg

* Please note that minor variations in dimensions and weight (up to ±5%) are possible due to the recycled materials used.
