

Product information

FORMATURF BOARD

**Universally applicable. Durable.
Resistant.**

FormaTurf Boards are made of FormaTurf Composite material, which is composed of 100 % recycled materials from old artificial turf systems during a patented production process. The resulting products can be used universally. In addition to their original purpose, i.e. fixing artificial turf in landscaping, they can also be used as a bench or for substructures, and many other fields.

FormaTurf Composite is a recycled plastic. Differences in surface quality and colour are therefore not always avoidable. Please note that temperature-dependent dimensional fluctuations of up to +/- 5 % are possible during installation.

Advantages:

- Stable against environmental influences
- Fire class Efl (EN13501-1:2018)
- Consists of 100 % recycled artificial turf systems
- Water-repellent
- Material does not splinter
- Easy to process
- 100 % recyclable
- UV-resistant

Dimensions:

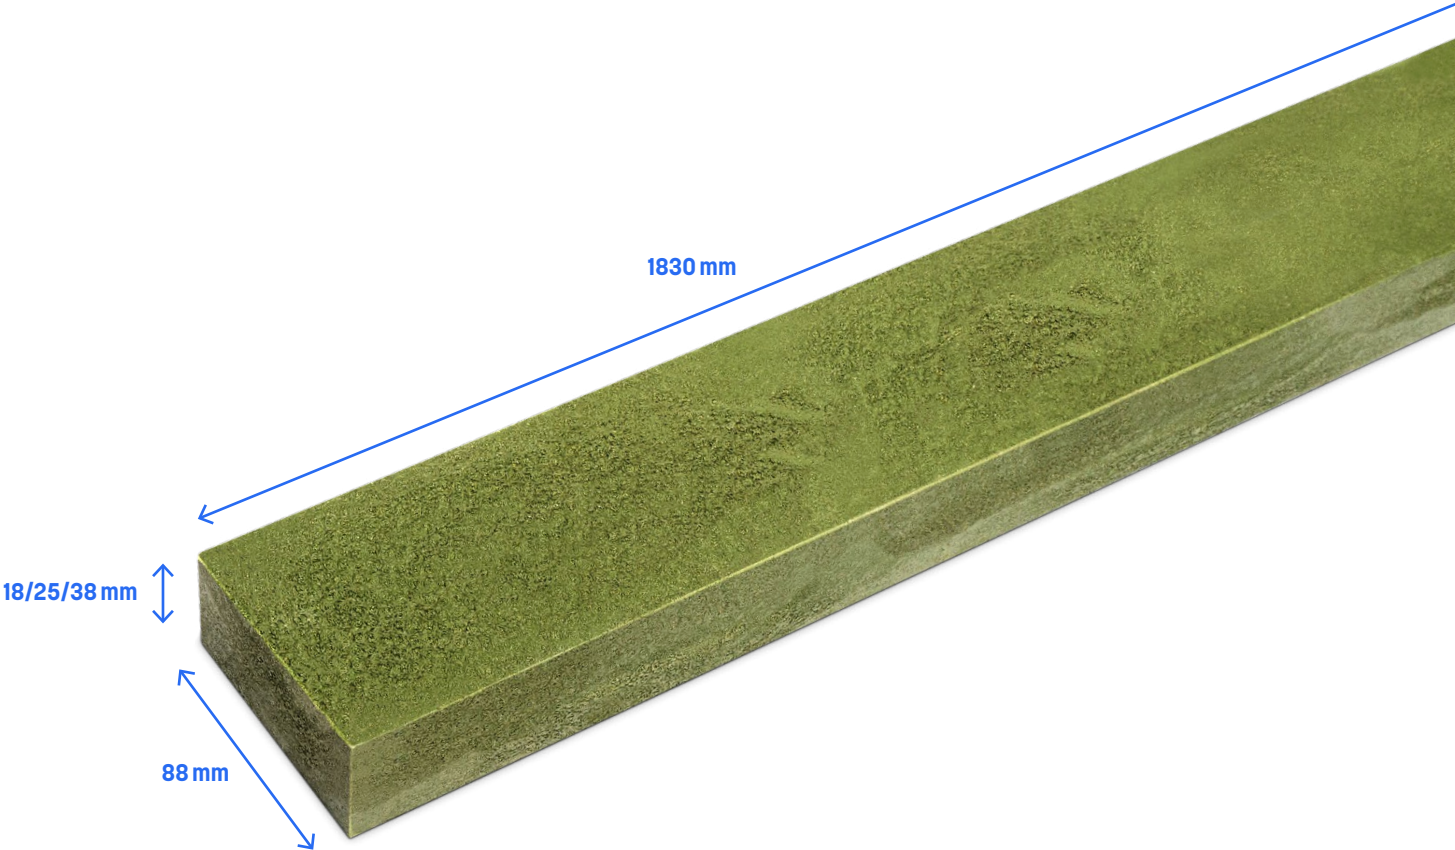

- 1830 x 88 x 18 mm*
- 1830 x 88 x 25 mm*
- 1830 x 88 x 38 mm*

* Please note that slight material-related dimensional variations are possible due to the use of recycled materials.

Technical data*

Part no.	Length	Width	Height	Weight	PU	PU Weight	PU Dimension
510005	1830 mm	88 mm	18 mm	5 kg	200 pcs.	1000 kg	200 x 100 x 100 cm
510015	1830 mm	88 mm	25 mm	7 kg	144 pcs.	997.5 kg	200 x 100 x 100 cm
510010	1830 mm	88 mm	38 mm	10 kg	96 pcs.	1000 kg	200 x 100 x 100 cm

* Please note that slight material-related dimensional variations are possible due to the use of recycled materials.
