Certificate in Fine Arts

EVENTS

15 Free community arts events
14 Birthday parties
17 Outreach programs
8 Exhibitions

VOLUNTEERS

175 Teen volunteers
188 Adult volunteers

IMPACT HIGHLIGHTS

Beloved Community Catalog

This year we published our first-ever Manifesting Beloved Community digital catalog, featuring every participating artist. For many, it was the first time their voices and visions were highlighted in this way.

Golu Celebration

Hundreds of visitors immersed themselves in the rich traditions of South India through music, storytelling, and art. The event celebrated culture and deepened understanding across communities.

Our Mission

West Windsor Arts cultivates the artist within us all, while inspiring a creative community that is engaged, inclusive and equitable.

"West Windsor Arts
is a mission-driven
organization that truly
listens to our community."

WWA News

A New Strategic Plan

We partnered with StratSimple, an innovative AI platform, to create a plan shaped by the voices of more than 130 stakeholders including staff, teaching artists, board members, donors, participants, and community members. We gathered valuable perspectives on what we do best and where we can grow and these became the foundation for our plan. Please see the website for more information, coming soon.

Public Benefit

The arts are for everyone! At West Windsor Arts, we provide accessible, inclusive, and culturally rich programs that:

- Build empathy across cultures
- Support youth and lifelong learners
- Strengthen resilience and joy through creativity

Your support makes this possible. Together, we will keep creating, connecting, and inspiring—so every voice has a place to be heard.

Partnerships in Action

With partners like **HomeFront**, **Eden Autism**, **Capital County Children's Collaborative**, and **Art Against Racism**, we extend the power of creativity to those who need it most — underserved youth, families, and communities across Mercer County and beyond. Please see our website for a full list.
