Finding the Right Solution for Your ERP Finance and Accounting Needs

Introduction:

As the decision maker of the Finance and Accounting team, you face various challenges that can impact your team's performance. This guide will help you identify your team's pain points and compare the solutions that best address your needs.

Find the right solution for you:

Pain Point	Staffing Solutions	NetSuite Managed Services
Increased workload	✅	
Skill gaps in the team	✅	
Difficulty finding qualified Accounting and ERP talent	✅	
High turnover rates	✅	
Expensive fees of Recruitment Agencies	✅	
High Salaries	✅	
Lack of in-house NetSuite expertise		✅
Difficulty maintaining and optimizing NetSuite		✅
Need for ongoing NetSuite support and customization		✅
Inefficient processes due to NetSuite limitations		✅
Difficulty integrating NetSuite with other systems		✅
Lack of real-time financial reporting		✅
Inadequate training for NetSuite users		✅
Difficulty keeping up with NetSuite updates and new features		✅

Thinking about optimizing your NetSuite system? Reach out, and let's find the best approach for your business.

Next Steps:

1. Identify your team's most pressing pain points using the guide above
2. Determine which solution best addresses your needs
3. **Schedule a consultation** and learn more about how our solutions can help your team succeed

NetSuite Managed Services:

If your team lacks in-house NetSuite expertise, struggles with maintaining and optimizing the system, or requires ongoing support and customization, Stockton10's NetSuite Managed Services is the perfect fit. By outsourcing your NetSuite projects, you can:

- Ensure that your NetSuite system is running optimally
- Receive ongoing support and customization to meet your unique needs
- Free up your team's time to focus on core responsibilities

Staffing Solutions:

If your team is experiencing increased workload, skill gaps, or difficulty finding qualified candidates, our Staffing Solutions provider, Atticus Solutions, can help. Remote staffing can help you:

- Bridge the gap between your current team's skills and your project requirements
- Scale your team quickly to meet increased workload demands
- Access a pool of experienced Finance, Accounting, and ERP professionals without the hassle of recruitment
    - Netsuite Accountant
    - Bookkeeper
    - Financial Analyst
    - Implementation Consultant
