# How I Stacked It

Vanessa Leader
Company Accountant at Valocity

1 Purchase Orders

*"We rely on **ApprovalMax** to streamline our purchase order and bills approval workflows. It handles our complex matrix of submitters, cost centres, and approvers with ease. We also make use of the Standalone Solution, which extends beyond finance, supporting non-financial workflows such as business case reviews and recruitment approvals for the HR team."*

Mayday

2 Intercompany

*"We have just introduced **Mayday** to automate our inter-entity recharges. It has sped up month-end, and having all our consolidated entities visible in one place is invaluable."*

getmayday.com

3

Reporting

"**Fathom** is now our main solution for management reporting, covering everything from consolidated results down to cost centre level. It offers a wide range of charts and graphs, and the KPI library is extensive."

iPayroll®

CloudPayroll™

4 Payroll

*"**iPayroll** and **CloudPayroll** are our go-to payroll solutions in Australia and New Zealand."*

ipayroll.co.nz
cloudpayroll.com.au

5 Expenses

*"We use **Dext** for a couple of our entities to process expenses. For the others, we rely on **Xero Expense** Claims, which makes it easy for staff with company cards to submit receipts directly through the Xero Me app."*

dext.com

stripe

6

Payment Processing

*"**Stripe** is our subscription-based revenue processing across our Australasian businesses."*
