

Northshore Hamilton Suite

Northshore Hamilton Café

Northshore Hamilton Foyer

Rockpool's upcoming developments are set to redefine aged care in South East Queensland's vibrant community.

These contemporary aged care homes will feature luxurious private suites, thoughtfully designed shared spaces and premium amenities to create a connected, compassionate and vibrant environment for future residents and families.

With a focus on comfort, wellbeing and lifestyle, Rockpool Northshore Hamilton, Kedron, Southport and Banyo will all bring together exceptional care, modern architecture and a warm sense of community, setting a new benchmark for aged care living in Queensland.

At Rockpool Residential Aged Care, we create a vibrant, welcoming environment where residents truly flourish. Our thoughtfully designed spaces embody the latest in aged care innovation, ensuring a cozy, homelike feel.

Supported by compassionate teams and expert medical professionals, every resident receives personalised, heartfelt care through our 'My Day, My Way' philosophy of care.

Rockpool Residential Aged Care was born in 2016, driven by a shared vision to change how aged care is offered in Australia. In 2017 we commenced construction on our first site at Morayfield and officially opened in September 2019. Since then, we have built three more locations including Carseldine, Pelican Waters and Songbird Oxley. Rockpool is building four new locations so we can continue to redefine how aged care is delivered in Australia.

At Rockpool, our mission is to continually provide care and services creating an environment for residents, their loved ones and team members that is safe, secure, inclusive, contemplative, reflective and

Residential Care

Luxurious, self-contained rooms provide residents with their own private sanctuary, but with enough space to host and entertain family and friends.

Residents also have access to domestic kitchens for supervised cooking, walking tracks, an on-site laundry, landscaped gardens, a cinema, a café, outdoor BBQs, a hair and beauty salon, and a fully equipped wellness and vitality centre.

Respite Care

Caring for a partner, parent or loved one is a precious and rewarding responsibility. However, at times it can also be challenging and overwhelming. It's comforting to know experienced and caring support is available if needed.

Rockpool's respite care offers carers the opportunity to take some time out, while their loved one is safe, supported and cared for.

Palliative Care

At Rockpool, it is a privilege to support residents and their families through the end-of-life journey.

Specialist staff, who are trained in end-of-life care, treat palliating residents with compassion, dignity and respect and provide comfort and support to their loved ones.

If acute hospital care is required, Rockpool can oversee the admission process and help alleviate some of the pressures during this emotional time.
