Reliability Forum Disclaimer

Antitrust Compliance Reminders

Because this event brings together market participants who may be viewed as actual or potential competitors, we must be mindful to conduct it in a manner that is consistent with the antitrust and competition laws. Participants should not disclose non-public, proprietary, or competitively sensitive information.

Attendees should exercise independent judgment and avoid even the appearance of discussions of agreements or concerted actions that may be viewed as restraining competition. Any company decisions that are informed by your discussions today must be made independently.

This guidance is not intended as legal advice, and each attendee is responsible for seeking their own legal advice with respect compliance with applicable antitrust and competition laws. However, any questions on NPCC's Antitrust Policy may be directed to NPCC's General Counsel

Webinar Logistics

This NPCC Reliability Forum will be hosted on Microsoft Teams. Participants are muted upon entry, and are encouraged to use the "Q&A" feature to submit questions. The questions will be answered by the presenter at the end of each presentation. The NPCC Reliability Forum will be recorded and presentation materials will be posted in the events section of the NPCC website.

Public Advisory

Participants are reminded that this Microsoft Teams webinar is public. Speakers on the call should keep in mind that the listening audience may include members of the press and representatives of various governmental authorities, in addition to the expected participation by industry stakeholders.

Content and Reliance

Any information presented at NPCC forums is for informational purposes only. NPCC accepts no responsibility for the accuracy of such presentations, or for your reliance on any information contained within the content available through such forums. Discussions represent a wide range of views and interests of the participating individuals and organizations. Statements made during discussions do not necessarily reflect those of NPCC.

Vendor Information

Discussions presented are for stakeholder informational purposes only and do not imply NPCC's endorsement or approval. NPCC does not promote technology, tools, products, services, or vendors that may be used by Entities within the electric industry. Questions or

concerns about vendors or the services or products they offer must be directed to the vendor. It is the responsibility of the owner, operator, or the user of the Bulk Power System (BPS) to research the services the vendors offer. Those who utilize the services of vendors assume full responsibility for claims directly or indirectly arising thereunder and NPCC is not responsible or liable for any claim or harm, directly or indirectly, that transpires from the use of any information.
