In June 1989, the vision of Lexington Christian Academy (LCA) became a reality. After months of discussion and prayers, The Academy and The Lexington Christian School merged. The Academy served kindergarten-6th grade and The Lexington Christian School was a kindergarten-12th grade program. Both schools envisioned a pre-kindergarten-12th grade non-denominational, Christian school that would honor the Lord while providing the finest academic and extra-curricular programs. Both schools realized that by combining their efforts they would be able to serve more families in Central Kentucky seeking a Christ-centered education. The founders of LCA recognized a true education provides curricular offerings to cultivate growth in the spiritual, emotional, intellectual, physical, and creative areas of life. Since its inception, LCA has provided an educational experience which prepares students not only in the classroom, but on the playing field, and stage, in chapels and retreats, and through leadership programs and outreach programs. By focusing on students' minds, hearts, and bodies, LCA produces scholars that impact the world for Jesus Christ. At LCA, we believe we have been created in the image of a relational God, thus the experiences of living in community and sharing life with others is an integral part of our school experience. Our culture promotes fellowship. It is a place where students, faculty, staff and parents come together to celebrate, have fun, and create lifelong memories. You see this lived out in a variety of ways including the school's Back-to-School Bash, Grandparents Day Celebrations, Parents In Prayer, Trunk or Treat, Donuts with Dad, Muffins with Mom, and the Eagle Gala. Our mission is to equip and to nurture students to fulfill God's calling on their lives through Christ-centered education. Our vision is pursuing a world-class Christ-centered education. The Bible must serve as the basis upon which every course and every activity in the school is evaluated. The school's worldview—basic beliefs, assumptions, values, priorities, and biases—must be firmly established upon the principles of God's Word. Bible instruction is integrated with every aspect of the student's educational experience. In addition to attending daily Bible classes, LCA students encounter God's truth. The Bible is the framework for character, attitude, and value development. Parents are the first - and most important - teachers. One of the principal needs of children is instruction. The Bible emphasizes the important role that parents play in providing that instruction. While others may teach, fathers and mothers have the prime responsibility. The partnership between the home and school establishes a strong foundation for the student's success. There is a commitment to excellence and innovation throughout our educational programs, offerings that maximally prepares our students for college and life. LCA School System's curricular and instructional decisions are supported by research and reflective of best practices. Students should have a wide range of educational opportunities available to them. LCA believes that no student should have to take an academic penalty to receive a Christian education. As a result, LCA has made a long-term financial commitment to its student body. What does it mean to be a covenant Christian School? Before we explain what a "covenant" Christian school is, it might help to understand the term "covenant." In Biblical terms, a covenant was a binding agreement that defined a commitment or obligation between two parties. A covenant school seeks to bind families and the school together through a common pledge to educate all students within the school system and at home through the lens of a Biblical worldview. At Lexington Christian Academy, we require at least one parent be a professing Christian, active in a local church, and agreeing with our mission, "Core Values," and "Statement of Faith." This "covenant" extends beyond enrollment and remains until the student withdraws or graduates from LCA. We take the nature of the covenant seriously and expect certain behavior for our school community which includes students, parents, and employees. There may be times when the covenant is strained or broken. If this should occur, conversations will be had to determine if the covenant can be repaired or if it is truly broken and both parties agree to go their separate ways. Being a covenant school is meant to provide LCA, its families, and its employees with a common direction. That direction is towards Christ. Our covenant nature is meant to ensure that as we fulfill our Mission Statement and honor the school's "Core Values" and "Statement of Faith," we do so in a way that honors God, and is being reinforced at home, at church, and in the overall LCA community. Lexington Christian Academy admits students of any race, color, national and ethnic origin to all the rights, privileges, programs and activities generally accorded or made available to students at the school. It does not discriminate on the basis of race, color, national and ethnic origin in administration of its educational policies, admissions policies, tuition assistance programs, athletic and other school-administered programs. LCA, in addition to world-class academics, seeks to provide a variety of activities and clubs that will help students become contributing community citizens and devoted followers of Jesus Christ. School activities are designed to be fun, challenging, and educational. We want to educate the whole student, so they can learn how to connect better with others, how to serve, how to grow in their relationship with Christ, and how to handle success. Student life at LCA means belonging to something bigger than yourself, learning how to be filled with God, so you can be poured out for His purposes and for the benefit of others. At LCA, we believe we have been created in the image of a relational God, thus the experiences of living in community and sharing life with others is an integral part of our school experience. Activities and clubs are a wonderful way for students to make new friends and find others that share their same interests. In addition to fine arts and athletics, there are many options such as robotics, student government, Beta Club, and Mu Alpha Theta, just to name a few! Campus activities are designed to help students grow in their desire to be the hands and feet of Jesus in our school, community and beyond. We strive to show excellence in everything, as God calls us to do in Colossians 3:23, "Whatever you do, work at it with all your heart, as working for the Lord, not for human masters." And so it is with LCA Athletics. Our staff and coaches work very hard every day to create the best possible atmosphere for our student-athletes. Our plan for success includes three elements. Spirituality - We will never waiver in our faith in Jesus Christ our Lord. Our desire is to honor and glorify His name and keep Him first in everything we do. Coaches - We will find the best possible coaches in their sport and in their walk with Christ. We will give them the tools and support they need to succeed. Facilities - We will strive to have the best athletic facilities in the state of Kentucky. Lexington Christian Academy has a storied past that has been truly blessed by God. Over the years LCA has been blessed by the amount of students that have been able to participate in athletics and display their God given talents to the surrounding community. We are also proud to recognize those LCA Alumni who have played college athletics after their time at LCA. We have won KHSAA state titles, All "A" championships and had several student-athletes earn statewide athletic honors. As great as these achievements are, they are nothing if we have not put God first and led our student athletes in their walk with Christ.
