As a part of our Amazon partnership, we receive compensation from qualifying purchases made through our website. Our team member James is an engineer and experienced blogger who has worked on various power-related projects. He's passionate about sharing his expertise on batteries, generators, and other power-related topics. If you need help with accessories or have questions, please contact the manufacturer at 1-877-571-2391. **WARNING:** Using unauthorized accessories can be hazardous. For technical support, repairs, or genuine manufacturer parts, kindly reach out to the manufacturer at 1-877-571-2391. **LIMITED TWO-YEAR WARRANTY** The manufacturer guarantees this product against material and labor defects for a period of two (2) years from the date of purchase by the end-user ("Warranty Period"). If there's a defect and a valid claim is received within the warranty period, the defective product may be replaced or repaired in one of the following ways: (1) Return the product to the manufacturer for repair or replacement, at the manufacturer's discretion. A proof of purchase might be required by the manufacturer. (2) Return the product to the store where it was purchased for an exchange (if it's a participating retailer). Returns to retailers must be made within the retailer's return policy timeframe for exchanges only (usually 30-90 days after purchase date). A proof of purchase may be required by the retailer. Please consult the retailer's return policy regarding returns outside the established timeframe for exchanges. This warranty does not apply to accessories, bulbs, fuses, and batteries; defects due to normal wear and tear; accidents; damages or injuries suffered during shipping and handling; alterations, repairs, or unauthorized use, negligence, abuse, and failure to follow instructions for product care and maintenance. This warranty grants specific legal rights to the end-user buyer, and you may have other rights that vary by state or province. This product is not designed for commercial use. **APPENDIX** This device complies with Part 15 of the United States Federal Communications Commission (FCC) regulations. Operation is subject to two conditions: (1) this device cannot cause harmful interference, and (2) this device must accept any interference received, including unwanted operation caused by such interference. This equipment has been tested and found to comply with FCC Class B digital device limits, as outlined in Part 15 of the FCC regulations. These limits are designed to provide reasonable protection against radio-frequency interference in a residential installation. If not installed and used according to instructions, this device may cause radio-frequency interference. However, there is no guarantee that such interference will not occur in a particular installation. The device may cause harmful interference to radio or TV reception, which can be resolved by trying one or more of the following steps: change the antenna's orientation or location, increase the distance between the equipment and receiver, or connect it to a different circuit. If needed, consult the seller or a professional with experience in radio and television technology. Any unauthorized changes may void the user's authority to operate the device. For more information, contact Baccus Global LLC at 1-877-571-2391. Input: 120V AC, 60Hz, 245W Output: 12V DC, 15A 50A starting motor (5 seconds on, 5 minutes off) Imported by Baccus Global LLC, Boca Raton, FL
