1. Legal Foundations: Law & Reasoning, Courts & ADR, Court Procedures 2. Business Ethics 3. Constitutional Aspects of Business 4. Public & International Environment: Tort Law, Strict Liability, Intellectual Property, Internet Law, Cyber Crime, International & Space Law 5. Commercial Environment: Contract Formation, Performance, Breach, Remedies, Sales, Leases, Creditor-Debtor Relations, Bankruptcy 6. Business & Employment Environment: Small Businesses, Franchises, Limited Liability Companies, Corporations, Agency Relationships, Employment Discrimination, Immigration & Labor Law 7. Regulatory Environment: Administrative Agencies, Consumer Protection, Environmental Law, Real Property, Land-Use Control, Antitrust Law, Investor Protection & Corporate Governance Professor Miller, a renowned authority on law, has co-authored several influential textbooks, including BUSINESS LAW: TEXT & CASES; BUSINESS LAW TODAY: TEXT & SUMMARIZED CASES; and THE LEGAL ENVIRONMENT TODAY. His academic background is rooted in the University of California at Berkeley and University of Chicago. This edition features updated content that showcases how technology is transforming today's business law and legal environment. The NEW DIGITAL UPDATE incorporates unique digital features throughout various chapters, providing a clear illustration of how contemporary changes impact modern business law. Each unit concludes with an Application and Ethics feature, concluding in an Ethical Connection section that includes ethics questions and critical-thinking questions. Additionally, the edition offers a fully addressable Case Collection featuring over 1,200 cases accessible for easy sorting by name, year, state, or subject matter. The new coverage on space law explores this growing area of global concern, including topics such as international space law, astronaut rescue, space debris, and property rights to space resources. The edition also includes MINDTAP, an online learning solution that provides a personalized teaching experience with customizable assignments guiding students to analyze, apply, and improve critical thinking. A dedicated chapter (Ch. 4) focuses on business ethics and decision-making, exploring real-life cases and topics affecting businesses. The edition's Ethical Connection section concludes every end-of-chapter Case Problem section, while Critical-Thinking features help address AACSB curriculum requirements. The new AACSB curriculum requirement asks students to explore various aspects of business law, including global, political, and social contexts. This edition features diverse case selection with a mix of classic and contemporary cases that cover timely topics relevant to everyday life and common business situations. Each chapter includes a case or case problem based on recent court decisions, with critical-thinking questions to enhance reasoning skills. The "Impact of this Case on Today's Law" feature highlights the significance of each case, while the "Case Analysis" section provides lengthy excerpts in the language of the court, guiding students through legal principles and issues faced by modern businesses. Additionally, special case analysis questions teach students to use the IRAC process, and comprehensive end-of-chapter pedagogy helps students review and apply chapter concepts to real-life scenarios. The book also features "Reviewing" sections that solidify understanding of each chapter's materials, as well as "Debate" features that prompt lively classroom discussions on chapter topics. This study guide provides a comprehensive list of key terms and concepts, along with a glossary for easy reference. The "Issue Spotters" feature highlights important points in each chapter, while sample answers are available to check work. Business scenarios help students apply legal concepts in practical situations, using real-life cases from 2014-2016. Legal reasoning group activities encourage collaboration and can be used in class or as group projects.
