

Meranti Cafe is inspired by the 100.8 metre endangered yellow Meranti tree (*Shorea Faquetiana*)

Sabah International Convention Centre stands tall and proud leading the environmental sustainability principles by raising awareness and instigating changes not only within the local community but on a global platform as well.

Located in the “rainforest wing” (Level 3) of the convention centre, **Meranti Cafe** is a perfect homage to commemorate the conservation efforts of **Sabah International Convention Centre**.
