****Request to Publishers**** We respectfully ask that you restore access to over 500,000 books. ****Islamic Invocation**** All praise is due to You, O Allah. You are the Light of the heavens and the earth, the Guardian of all existence, and the Lord of all creation. Your promise is true, your word is true, and your judgment will be just. We submit our souls to You, O Allah, and put our trust in You alone. We seek refuge in You from all harm. Forgive us for our sins, both past and present, and those we may commit in the future. You are the Promoter of good and the Delayer of evil. There is no god but You. We invoke blessings upon Muhammad and his followers, just as we would on Ibrahim and his family. May Your praise and Majesty be upon them all. ****Prayers for Islam**** O Allah, strengthen the standing of Islam and the Muslims. Bring down those who practice idolatry and their followers. Destroy the enemies of faith and protect the territory of Islam. You are the Lord of the universe. Note: I have kept the essence of the original text while paraphrasing it to make it more readable and understandable for a general audience. However, please note that some nuances may be lost in translation. We seek Your protection and victory, O Lord of the Worlds. Destroy our enemies and protect the lands of Islam. Allahumma innaa nas'ala bi annaka antallaah, laa ilaaha illaa ant, wa hadaka laa shareeka laka. Grant us victory over those who disbelieve and pagans, and guide us to Your path. O Lord of Majesty and Bounty, You are the Beneficent, Creator of the Heavens and the Earth, and there is no God worthy of worship but You alone. We bear witness that You are Allah, there is no God worthy of worship but You, and we ask You for victory over Islam and its people everywhere. O Lord, grant us victory over those who disbelieve and pagans, and protect us from their evil. Our weakness and failure and shame before the people weigh heavily on us. O Most Merciful, You are our Lord, to whom we will be entrusted. If it were not for Your favor upon us, we would be destroyed by anger or wrath. But Your pardon is greater for us than any other blessing. We seek refuge in the light of Your face from the darkness that has surrounded us, and forgive us our sins in this life and the next, so that your anger may fall on us or your wrath may descend upon us. For You are the only place to turn, there is no one else besides You. (Note: The original text is a prayer in Arabic, which I have translated and paraphrased into English while trying to maintain the essence of the prayer.) hatlaa tardaa, wa laa hawla wa laa quwwata illaa bik. We seek refuge in Your Light, for which darkness cannot shine, and with which the affairs of this life and the Hereafter become good. From Your anger or displeasure, we fall upon us. You have the right to admonish until You are pleased, and there is no power and no might except in You. O Allah, Russia came to challenge You and deny Your Messenger, and to slaughter the weak and oppressed believers in Chechnya. We complain of their transgressions against Us, O Allah. Give them what You have promised them in Your Book.
