## Bobby fischer teaches chess by bobby fischer

Bobby Fischer Teaches Chess is a highly acclaimed chess puzzle book written by Bobby Fischer, with contributions from Stuart Margulies and Donn Mosenfelder. First published in 1966, it has sold over one million copies worldwide, making it one of the best-selling chess books of all time. The book is designed for beginners and uses a unique programmed learning approach, allowing readers to retry each question if they answer incorrectly. Unlike modern chess books, it does not require prior knowledge of chess notation, instead using diagrams with arrows and descriptions to convey complex concepts. Bobby Fischer's book sold a staggering one million copies, making it a strong contender for the best-selling chess book of all time. According to estimates, this figure is supported by royalty payments made to co-author Stuart Margulies, which adds weight to its impressive sales record. In 1972, following Fischer's World Championship win, the Bantam edition landed at number two on The New York Times' general paperback list and stayed there for four weeks. However, not all critics were as impressed with the book. Frank Brady, who worked as a promotional consultant, felt that it lacked depth in exploring Fischer's mental processes and was not one of the greatest introductory chess treatises of its time. A 1973 British edition also received criticism from The Times Literary Supplement for Fischer's grammar and the book's overall content, which they thought could have been condensed into just fifty pages. Despite these mixed reviews, the book has had a lasting impact on popular culture. It is referenced in Janet Fitch's novel *White Oleander*, cementing its place as an influential work within the chess community. Bobby Fischer Teaches Chess is a highly acclaimed chess puzzle book written by Bobby Fischer and co-authored by Stuart Margulies and Donn Mosenfelder. First published in 1966, it has become one of the best-selling chess books of all time, with over 1 million copies sold. Given article text here Bobby Fischer Teaches Chess sold at least 500,000 copies in the United States making it a candidate for best-selling chess book of all time. The book debuted on The New York Times best-seller list at No. 2 on the general paperback list in October 1972 after Bobby's victory in the World Championship.
