Membership at Planet Fitness includes an annual fee of \$39, which is usually charged about eight weeks after signing up. This fee can't be avoided by simply joining the gym, but there are other ways to potentially skip it. One option is to sign up for the PF Black Card membership, which costs \$24.99 a month and comes with perks like unlimited guest privileges and access to tanning and massage chairs. Another way to avoid the annual fee is by taking advantage of special promotions or deals offered by Planet Fitness throughout the year. These promotions might include waiving the annual fee for new members who sign up during certain times or events. If you're looking to avoid paying the annual fee, consider signing up for a Paid In Full Membership, which involves a one-time payment that covers your entire membership period without any additional fees. This option can save you money in the long run if you plan on staying with Planet Fitness for an extended period. Alternatively, you could cancel your membership within 6 weeks of joining, but keep in mind that this means forfeiting any remaining time left on your contract and may result in additional charges. The Planet Fitness Black Card membership is a good option to consider, as it includes unlimited guest privileges, access to all locations, discounts on amenities like tanning beds and massage chairs, and more. The PF Classic membership is another affordable option at just \$10 per month (with a \$1 enrollment fee), giving you unlimited access to your home club location only. You'll have access to all the necessary equipment and facilities at your convenience without extra costs. You can get professional guidance on how best to achieve your goals with free fitness instruction available. The Classic membership covers everything you need to know about Planet Fitness Black Card benefits compared to a regular membership. With unlimited guest privileges, you can take advantage of hydro massagers, tanning beds, and more. Regular members don't have access to these perks. The Black Card offers many great things such as free Wi-Fi, fitness training, and a free T-shirt. Overall, if you're looking for extra amenities at Planet Fitness, the Black Card is worth considering. Conclusion If you're lucky enough to be eligible for a waived annual fee, take advantage of it and save money! Even without the waived annual fee, don't let that stop you from joining Planet Fitness. It's affordable, has great equipment, and a welcoming environment. Success doesn't happen overnight, so keep pushing yourself and investing in your health - it will pay off in the long run.
