Feeling This Way is a poignant collection of poems by Ben Esqueda that explores themes of loss, love, and self-discovery. The book delves into the complexities of the human experience, offering a deeply personal and relatable portrayal of growth and transformation. While some reviewers found certain sections repetitive, many appreciated the raw emotion and authenticity conveyed through Esqueda's words. For those navigating heartbreak or searching for inspiration, this book offers a powerful and impactful read. I enjoyed this poetry collection, despite some poems being repetitive. I normally don't read poetry but found certain pieces appealing. The author's perspective as a gay and devout Christian man piqued my interest. However, upon closer inspection, the book felt superficial with some content feeling like veiled self-promotion. Only a few poems truly resonated with me, while others felt stilted and underdeveloped. I think the book has strong one-liners and an important message, but I didn't connect with it on a deeper level. The style often felt elementary, and some similes were unconvincing. Despite this, I appreciate the author's talent and the need for their message. This reviewer thoroughly enjoyed a poetry book that explores themes of heartbreak, self-love, and queer relationships. The collection's varied forms and emotions resonated deeply with them, particularly in the later sections. Although some poems were deemed not as strong, the overall impact was immense, making it a valuable read for those navigating difficult situations.
