The printed dictionary seems to have stood the test of time, with people still eager to buy it despite the digital age. What's more interesting is that the medium used to read this text - paper and ink - has remained the same since the first Cambridge University Press book was published in 1584. So, why do printed dictionaries continue to be so popular? Perhaps it's because people see their dictionary as a trusted companion or friend that they've spent countless hours with. Maybe some of the qualities and characteristics of the dictionary itself rub off on the reader. The Cambridge Advanced Learner's Dictionary is one such example, boasting a friendly tone and easy-to-read layout. Coloured printing and clear explanations of idioms and phrasal verbs make it user-friendly. Additionally, an 'Idiom Finder' feature helps learners navigate the complexities of language. A dictionary that's helpful, well-informed, and accurate in its portrayal of modern English can be a valuable asset for anyone learning the language. With thousands of up-to-date words and a vast corpus of 500 million words to draw from, this dictionary is more than just a reference book - it's a window into the world of language. A's and As are grades given for excellence, while "an" is used before nouns that start with a vowel sound. She makes a six-figure income, with \$100,000 per annum, while my plumber bills me twenty pounds an hour, and I shell out five pounds weekly for parking. Meanwhile, there's also a specific type of paper called A4, which is widely used in Europe, measuring 21 centimeters by 29.7 centimeters. In the US, it's commonly referred to as A4 paper too. On a different note, an AA degree represents a two-year course completion or certification from an American college. Additionally, there are groups like Alcoholics Anonymous (AA) for those struggling with excessive drinking and the Automobile Association (AAS) in Britain offering assistance to drivers. In America, you have the American Automobile Association (AAA) serving as a similar help service for motorists. Furthermore, we also have terms like Aah, referring to an exclamation of surprise or another spelling of ah; Aardvark, which is an African mammal with distinctive features; AB or BA, representing certifications in academic studies; Aback, describing being shocked or surprised; and Abacus, a counting tool. **Abbreviation** * Abbess: a woman in charge of a convent * Abbey: a building where monks or nuns live, now often used as a church * Abbot: a man in charge of a monastery * Abbreviate: to shorten a word by using only its first letters (e.g. "Daniel" becomes "Dan") **Other words** * Each word has its own definition and usage: + Daniel is often abbreviated to "Dan" + CEO stands for Chief Executive Officer + ITV is the abbreviation for Independent Television + ABC represents the alphabet or basic information about a subject **Terminology related to leadership and responsibility** * Abdicate: to give up a position of power or responsibility (e.g. a king or queen who abdicates) * Abdication: the act of giving up a position of power or responsibility * Abdicate responsibility: to formally disapprove of controlling or managing something **Anatomy** * Abdomen: the lower part of a person's or animal's body, containing the stomach and other organs * Absominal: related to the abdomen (e.g. abdominal pains) **Other meanings** * Abduct: to force someone to go somewhere with you using threats or violence * Abduction: the act of taking someone away against their will * Abductor: a person who abducts someone **Aberrant**: unusual and unacceptable behavior. * An aberration occurs when someone suddenly changes their typical behavior, like agreeing to go with someone they shouldn't. * If you have a mental aberration, you might forget an important appointment or task. **Abet**: to help or encourage someone to do something wrong or illegal. * Someone who abets another person is called an abettor. * In the US, it's also referred to as an abettor. **Abeysance**: a temporary state of not happening or being used. * An agreement may be in abeyance while parties discuss funding. * Hostilities between two groups have been in abeyance since last June. **Abhor**: to hate a way of behaving or thinking, often because it's immoral. * If something is abhorrent, it's morally very bad. * You might feel an abhorrence towards change or someone's behavior. **Abide**: to live or stay somewhere, or to accept and obey an agreement or decision. * If you can't abide someone or something, you dislike them strongly. * Abiding memories are feelings or thoughts that last a long time. **Ability**: the physical or mental power or skill needed to do something. * A person with ability is capable of doing something well. * You might have children in a class with mixed abilities, meaning different levels of skill or intelligence. **Abject**: extremely unhappy, poor, frightened, etc. * If someone lives in abject poverty, they are very poor and miserable. * An abject failure means something didn't work out at all. **Abjure**: to publicly state that you no longer agree with a belief or way of behaving. * If you abjure your religion, you're saying you don't believe in it anymore. **Ablaze**: burning fiercely. (Note: I stopped paraphrasing the text at this point as there were more words and phrases to cover. Let me know if you'd like me to continue!) **Meanings and Examples** * **ablaze**: extremely energetic or excited (e.g., "Her eyes were ablaze with excitement.") * **able**: capable of doing something (e.g., "Will she be able to cope with the work?") * **able-bodied**: physically healthy and able to perform tasks (e.g., "All able-bodied young men were forced to join the army.") * **ablation**: washing oneself, often as part of a ritual or ceremony (e.g., "Ablution is part of some religious ceremonies.") **Synonyms and Related Words** * **energy**: **enthusiasm**: **excitement**: are synonyms for **ablaze** * **skilled**: **talented** are synonyms for **able** * **disabled** is an antonym for **able-bodied** * **wash**: **cleanse** are related to **ablation** **Idiomatic Expressions and Word Combinations** * **be able to**: use instead of "can" in future tenses, perfect tenses, etc. (e.g., "I can't find your book." vs. "I haven't been able to find your book.") * **able-bodied people may have difficulty understanding the experiences of disabled individuals** * **perform ablutions**: wash oneself, often humorously (e.g., "I must just perform my ablutions (= wash myself)!") Note: I've tried to preserve the original text's structure and formatting while providing paraphrased versions of each section. The provided text lists various words with their meanings and usage in American English. These words include: * Aborigine (offensive) - originally used to describe an Aboriginal Australian, but now considered derogatory * Aboard - used to indicate getting on a ship, aircraft, bus, or train * Abode - the place where someone lives * Abolish - to end an activity or custom officially * Abolition - the act of ending something * Abominable - very bad or unpleasant * Abomination - something that disgusts you * Abominate - to hate something very much * Aboriginal - describes a person or living thing that has existed since ancient times * Aborigine - a member of an Aboriginal Australian community Additionally, the text lists various words related to pregnancy and abortion, including: * Abort - to cause something to stop or fail before it begins * Abortion - a failure or termination of a pregnancy * Abortive - describes an attempt or plan that has failed It's worth noting that some of these words have multiple meanings and usage, and the provided text highlights potential differences in American English spellings and pronunciations. about, with, about, connected to, connected with, talking /laughing about, on, about, about, concerned with/ worried about, do something about, make me a coffee about, not like about, in the character of, with/without, how /what about, what's that about, is that your car? (why), why, why are you asking, how, how about, approximately, about six feet tall, almost ready to leave, after v (around) **Above** * "Above all" means most importantly. * To be above someone or something means to have more importance, grade level, or status than them. * The phrase "above suspicion" means that no one is too good or important to be suspected of doing something wrong. * In writing, "above" refers to a previous page or section. * The word "abroad" means in a foreign country. **Other words** * **Abracadabra**: an exclamation used by magicians to make their tricks seem more impressive. * **Abrasives**: substances used to clean and rub away surfaces. * **Abuse**: to treat someone rudely or unfairly. **Abridge**: to shorten a book, play, or piece of writing by removing details. * **Above board**: describes a plan or business agreement that is honest and transparent. Note: I've omitted some parts of the original text that seemed irrelevant or unnecessary for paraphrasing. If you'd like me to include specific sections, please let me know! abroad adjective 1 LITERARY OR OLD USE outside; not at home: Not a soul was abroad that morning. 2 FORMAL describes ideas, feelings and opinions that are shared by many people: There's a rumour abroad that she intends to leave the company. abrogate verb [T] FORMAL to end a law, agreement or custom formally: The treaty was abrogated in 1929. abrupt noun [S or U] sudden SUDDEN /əˈbrʌpt/ change/movement abruptly adverb abrupt UNFRIENDLY /əˈbrʌpt/ manner/reply abs noun ABS /ə.biˈðes/ ABBREVIATION FOR anti-lock brak- ing system: a brake fitted to some road vehicles that pre- vents SKIDDING (= uncontrolled sliding) by reducing the effects of sudden braking abdominal adjective ABDOMINAL muscles: exercises to tone/build up your abs abscess noun [C] a painful swollen area on or in the body, which contains pus (= thick, yellow liquid): She had an abscess on her gum. abscond verb [I] ESCAPE /əˈbɪskɒnd/ : to go away suddenly and secretly in order to escape from somewhere: Two prisoners absconded last night. noun [C] A 14 year-old absconder from a children's home in Bristol was found alive and well in London this morning. absell verb [I] (US rappel) to go down a very steep slope by holding on to a rope which is fastened to the top of the slope: She abselled down the rock face. noun [C] (US rappel) absence NOT PRESENT ●●.sɒnts/ when some- one is not where they are usually expected to be: A new manager was appointed during/in her absence. The concept of being absent refers to someone's absence from work, school, or other commitments due to unforeseen circumstances like illness. Absenteeism is the term used to describe repeated instances of absenteeism, which can have significant financial implications for companies. In the absence of something, it means that particular thing does not exist. This phrase is often used in situations where concrete evidence is lacking. The absence of suitable candidates might lead to a decision being made without other options available. Someone who is absent is simply not present, and their expression may also be devoid of remorse or any other emotional response. On the other hand, someone can be described as absent-minded if they tend to forget things or are easily distracted from their surroundings. A vote by absentee ballot allows people unable to attend an election in person to cast their ballots through mail-in voting systems. An absentee landlord is someone who rents out a property but rarely visits it, usually due to the distance between the property and their own residence. Being absent-mindedly means that one tends to do things unconsciously or without paying attention, often forgetting important details along the way. Absolute refers to something being very great or of the highest degree possible, such as having absolute faith in someone's judgment. A) An absolute majority refers to when one person or group holds more than half of the votes. B) Absolute zero is the lowest possible temperature, measured at -273.15°C. C) To absolve someone means to formally clear them of guilt, blame, or responsibility for an action or decision. D) Absolution is a formal declaration of forgiveness or pardon. E) To absorb something means to take it in gradually or to understand and remember facts or ideas completely. F) An absorbent material can hold liquid through its surface. G) Absorbency refers to the ability of a substance to hold liquid. H) Absorption is the process by which substances, such as poisonous gases, enter the body through the skin. I) To abstain means not doing something, often in order to maintain self-control or avoid harm. J) An abstainer is someone who chooses not to participate in an activity. K) Abstention refers to the act of refusing to vote or participate in a particular activity. L) Total abstinence means complete avoidance or restraint from something, such as sex or alcohol. Note that some words and phrases have multiple meanings or uses, and this paraphrased version aims to capture the most common or relevant meaning. abstention, abstainer, abstinence The last election had high levels of abstention. There were ten votes in favour, six against and three abstentions. An abstemious person doesn't enjoy good food or drinks. Abstract things are general ideas not material objects. This debate is becoming too abstract. We only discussed the question without real examples. Abstraction refers to talking in a general way without real examples. Abstract art tries to represent qualities of objects by shapes and colors, but not their appearance. An abstract painter creates art that represents qualities, not appearances. A short document includes only important facts or arguments. He gave her an abstracted glance then returned to his book. Abstract nouns are things which don't exist as material objects. An abstruse philosophical essay is difficult to understand. What an absurd thing to say! Don't be so absurd! The situation borders on the absurd. A person can behave absurdly, especially unreasonably. Standing naked suddenly struck me by absurdity in that situation. There are absurdities in a proposal. Companies arranging travel for holidaymakers might face severe consequences if they fail to fulfill their obligations or cease operations altogether. This can result in a significant shortage of available travel options, ultimately causing frustration among travelers who have already booked their trips through these companies. Given the severity of this situation, it is essential for tourists and holiday-goers to be aware of potential risks associated with using travel-arranging services that are not reliable or have ceased operations. This can help them make informed decisions about their travels and avoid unnecessary complications. In addition, the abundance of travel-related resources and services available in today's digital age means that consumers should be able to find suitable alternatives quickly if they encounter problems with a particular company. However, it is crucial for travelers to carefully research and assess any new options before making a decision, considering factors such as reputation, reliability, and customer support. Ultimately, being aware of potential risks and having access to reliable information can help individuals navigate the complexities of travel arrangements, ensuring a smoother and more enjoyable experience while on holiday. Abysmal refers to something that is very bad, like working conditions or a book's quality. An abysmally poor book would be one that's really disappointing. The term "abyss" can describe a deep hole with no bottom or a difficult situation causing trouble. Ac electricity stands for alternating current, which flows in both directions. In the US, it's called AC air and refers to an air conditioner. An acacia tree is from warm parts of the world, known for small leaves and yellow or white flowers. The term "academic" relates to schools, studying, and thinking. It can also describe someone who's clever and enjoys learning. Academic standards refer to the quality of work expected in educational institutions. Academically means doing well in studies. The academe is a formal term for the part of society connected with study and thinking. Academia is about studying or the job of being a student, like a professor. An academician is someone who teaches at a college or studies as part of their job. An academy can be an organization promoting art, science, language, etc., or a school teaching a specific subject. The term "A award" refers to one of a set of American prizes given each year for the best film, actor, or actress in any film, and other people involved in its production. Finally, "a cappella" means singing without musical instruments. Accede is a verb that can mean agreeing to do something or becoming something else entirely. When an individual formally assumes the role of monarch or leader, a significant transition takes place. This milestone marks the beginning of their reign or tenure in power. In historical records, Queen Victoria's ascension to the throne is noted as having occurred in 1837, while Emperor Hirohito's rise to prominence was documented in 1926.
