Tarot familiars by lisa parker guidebook

Given article text here Lisa Parker's Tarot Familiars Deck features 78 cards with pets in amazing settings. Each pet is associated with the significant arcana and face cards. The deck includes a musician who has worked with wild animals, discovered magic, and became ideal for this project. This deck combines magic and pets, highlighting their power. The tarot cards showcase pets in various scenarios, such as sitting on magical publications or holding pentacles. The deck contains 22 Major Arcana cards and 56 Minor Arcana cards. However, the Minor Arcana lacks illustrations, featuring only pip-cards with no images. The Aces include photos of customers' pets, while the court cards depict animals in various situations. Despite issues with quality in the past, this deck offers attractive designs for the Aces and court cards. This is a standard Tarot card set showcasing animal illustrations with striking visuals.
