

AIxURO™

AI-Assisted Cell Analysis

Identifies and ranks suspicious and atypical cells in alignment with The Paris System 2.0

Whole Slide Data:

*# of Suspicious Cells
of Atypical Cells
N/C ratio and Nuclear area count*

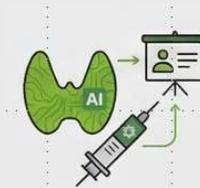

Research Use Only (RUO):

Software built for global cytology research and analysis support.

BOOTH 515
USCAP 2026

AlxMed has an exciting line up March 24th

9:15 AM – 9:30 AM:
Oral Presentation
*Room 302B
AlxTHY Platform
Performance in Thyroid
FNA Cytology*

12:00 PM – 1:00 PM:
Lunch Seminar
*Exhibit Hall 2, Room 7
AI-Driven Urine Cytology
Breakthroughs in
Practice with AlxURO*

1:00 PM – 4:30 PM:
Poster Presentation
*Research on Mitigating
Visual Fatigue in Urine
Cytology using AlxURO*
