

RANGE TUFF

RANGE TUFF wear parts are engineered for the toughest conditions in hard rock and iron ore mining. Featuring a 700 BHN chrome-moly white iron surface for very high wear resistance, they are metallurgically bonded to a mild steel backing for easy welding, forming, and durability against light to moderate impact. Built to last in very harsh environments.

| TASSCO P/N | SIZE |
|------------|--------------------------------------|
| RT100 | 1" x 1" x 9.5" Tuff Bar |
| RT150 | 1" x 1.5" x 9.5" Tuff Bar |
| RT200 | 1" x 2" x 9.5" Tuff Bar |
| RT250 | 1" x 2.5" x 9.5" Tuff Bar |
| RT300 | 1" x 3" x 9.5" Tuff Bar |
| RT400 | 1" x 4" x 9.5" Tuff Bar |
| RT600 | 1" x 6" x 9.5" Tuff Bar |
| RTB03 | 3" Diameter Button |
| RTB04 | 4" Diameter Button |
| RTD01 | 4" OD x 2" ID Donut (Bolt Protector) |
| RTRB7512 | 3/4" Diameter x 12" Long Roll Bar |
| RTRB112 | 1" Diameter x 12" Long Roll Bar |
| RTRB125 | 1.25" Diameter x 12" Long Roll Bar |
| RTRB212 | 2" Diameter x 12" Long Roll Bar |
