AGILITY ROBOTICS

Height
5’ 9”

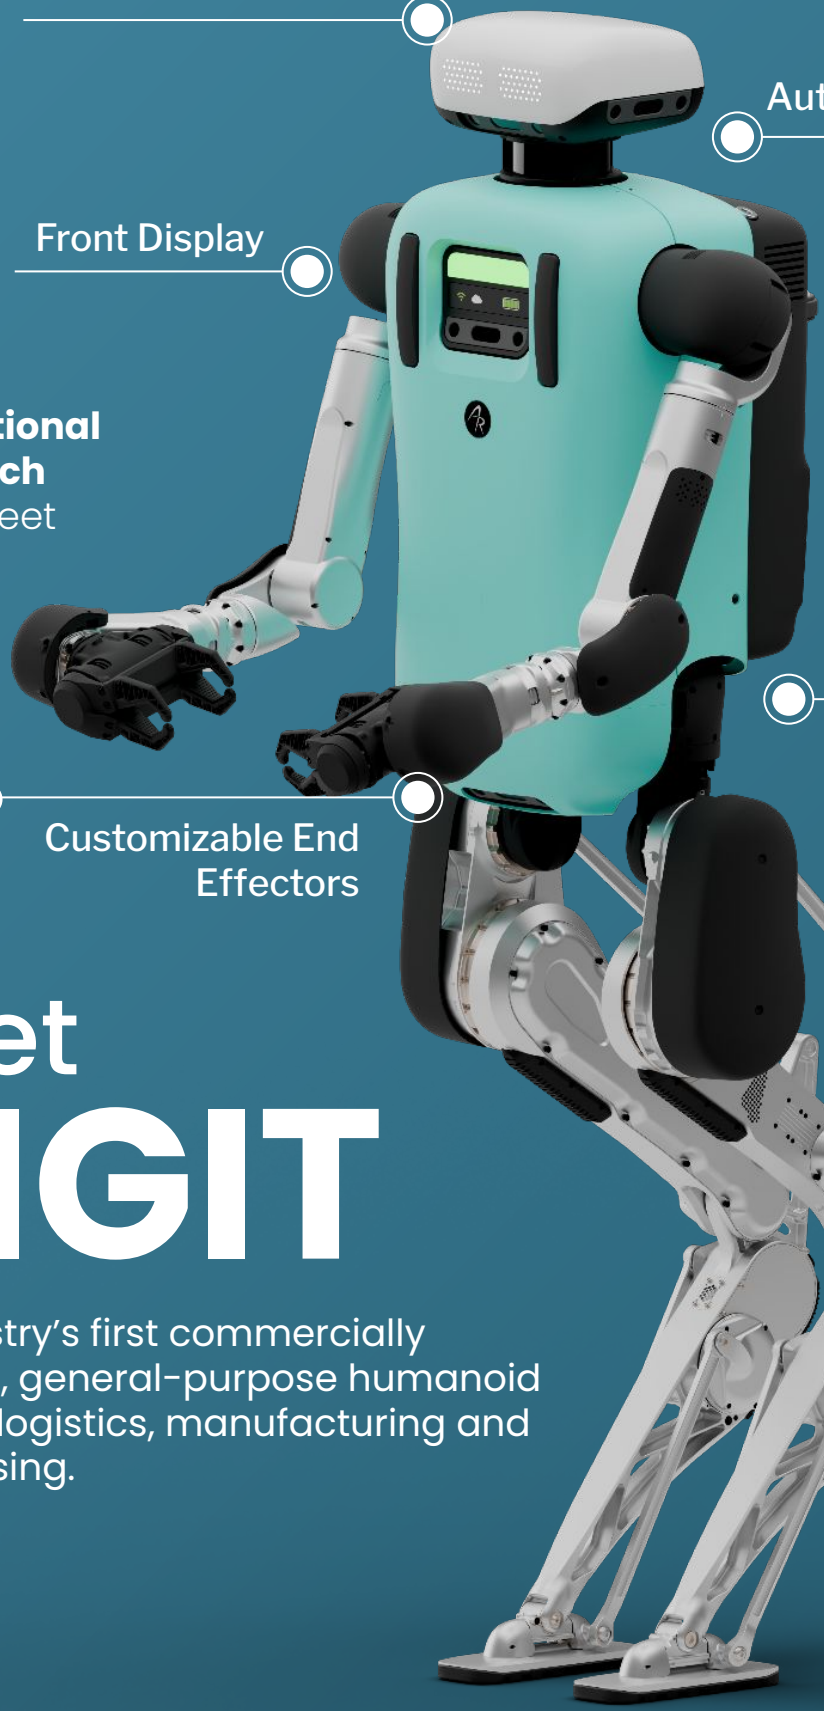

Autonomous Charging

Front Display

Operational Reach
5.5 Feet

Payload
35 LBS

Customizable End Effectors

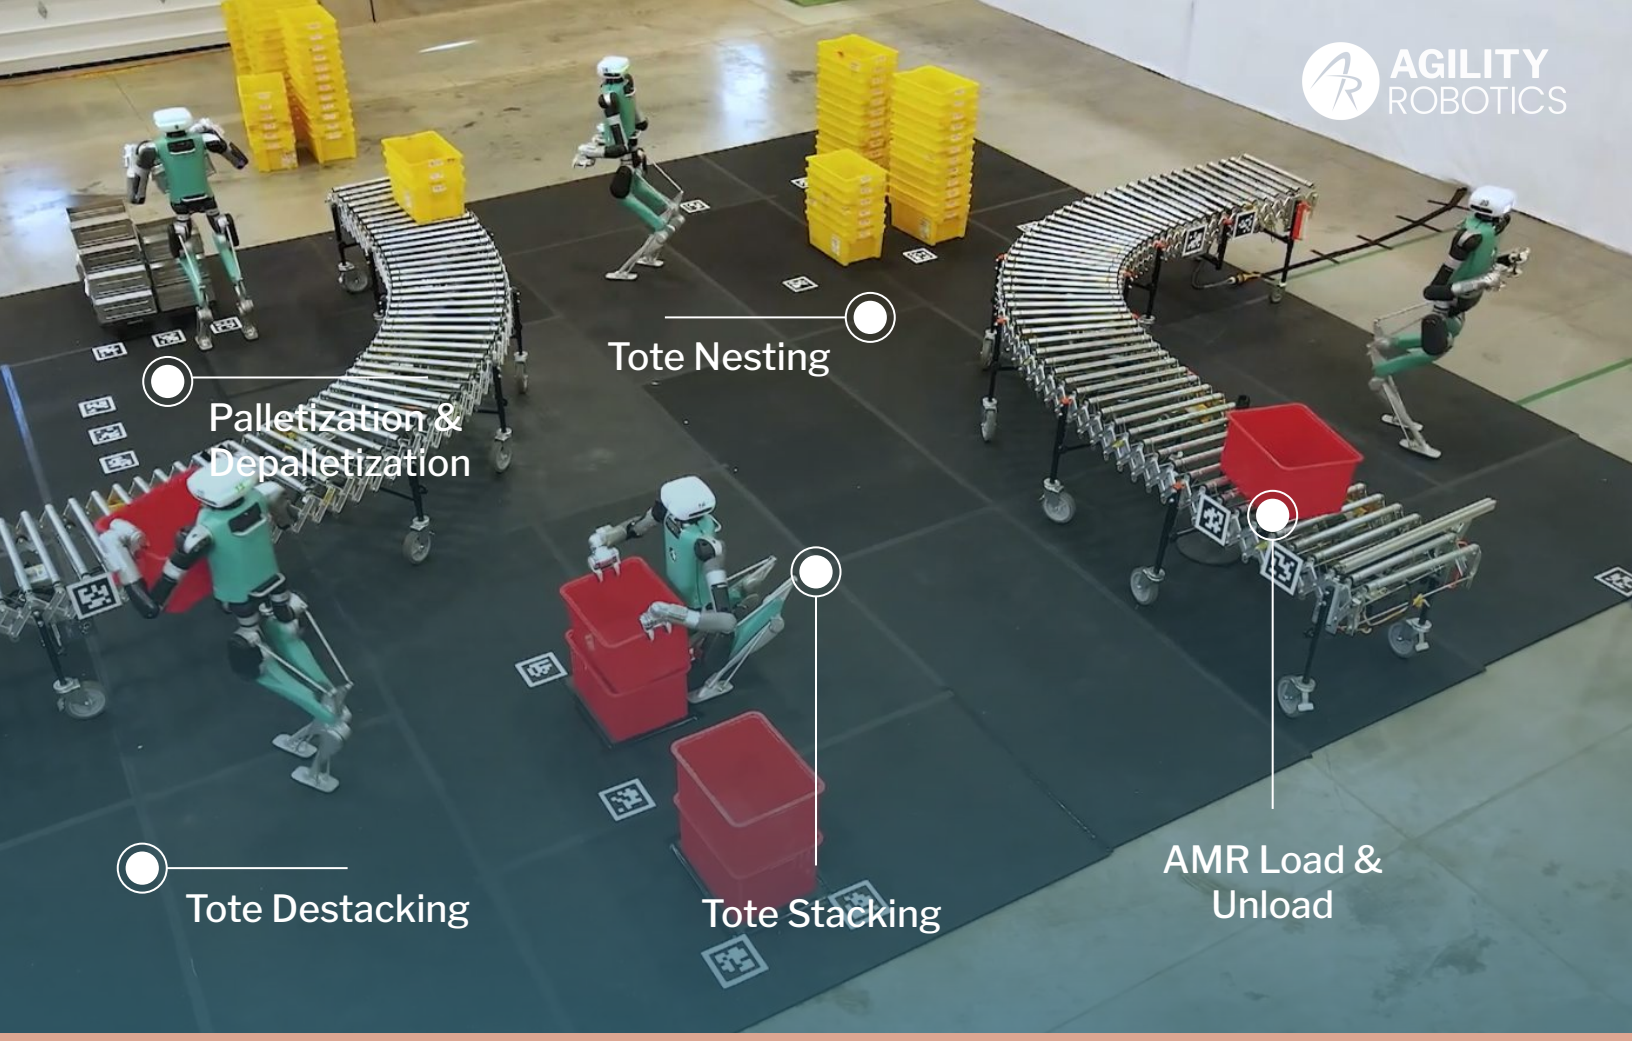

Meet DIGIT

Run Time
Up to 4 Hours

The industry’s first commercially deployed, general-purpose humanoid robot for logistics, manufacturing and warehousing.

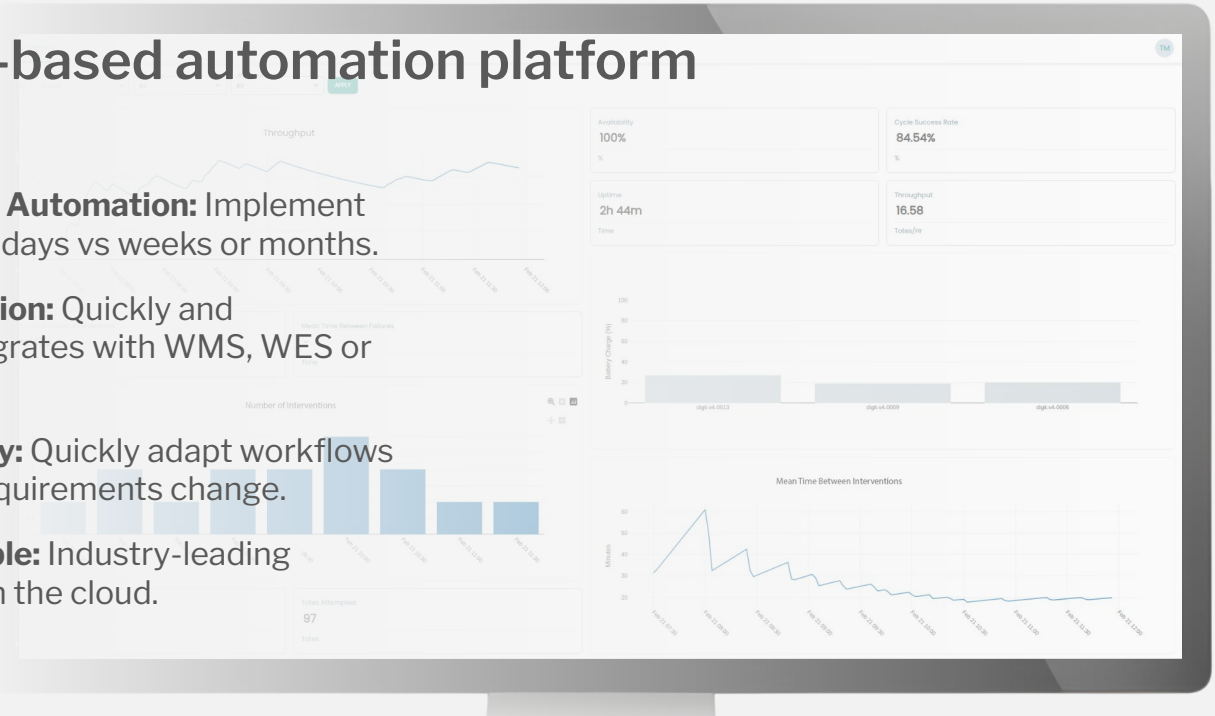

Accessories
Workcell
Control Pendant
Charging Dock

Additional Use Cases: + Putwalls + G2P Systems + Unit Sorters + Flow Racks & Carts

Agility Arc™

Our cloud-based automation platform

Fastest Time to Automation: Implement Digit in hours or days vs weeks or months.

Simple Integration: Quickly and seamlessly integrates with WMS, WES or MES solutions.

Adapts Instantly: Quickly adapt workflows as needs and requirements change.

Secure & Reliable: Industry-leading security through the cloud.
