sense of security.™**

The Merchant-Friendly PCI Program

The Merchant-Friendly PCI Program

SecurityMetrics PCI Programs offer a complete solution for acquirers and ISOs to manage their merchants' PCI compliance efficiently. We take the complexity out of PCI with user-friendly tools, dedicated support, and a full range of security solutions.

Get A Higher Portfolio Satisfaction

Our streamlined SAQ process, with 24/7 support, gets your merchants compliant faster by reducing the time they spend struggling with complex questionnaires. This leads to happier merchants and lower portfolio attrition rates.

Streamlined Compliance for Your Merchants

SecurityMetrics has patented tools and a full range of solutions to address all your merchants' PCI needs. Your merchants will benefit from solutions that address different PCI requirements and in-depth compliance education—so they can secure their sensitive data.

Experience Effortless Onboarding and Management

Onboarding and learning software are often the biggest headaches of switching PCI Programs. SecurityMetrics makes the transition easy with our intuitive Partner+ Portal and dedicated Customer Success Managers who work side-by-side with you to launch and optimize your program.

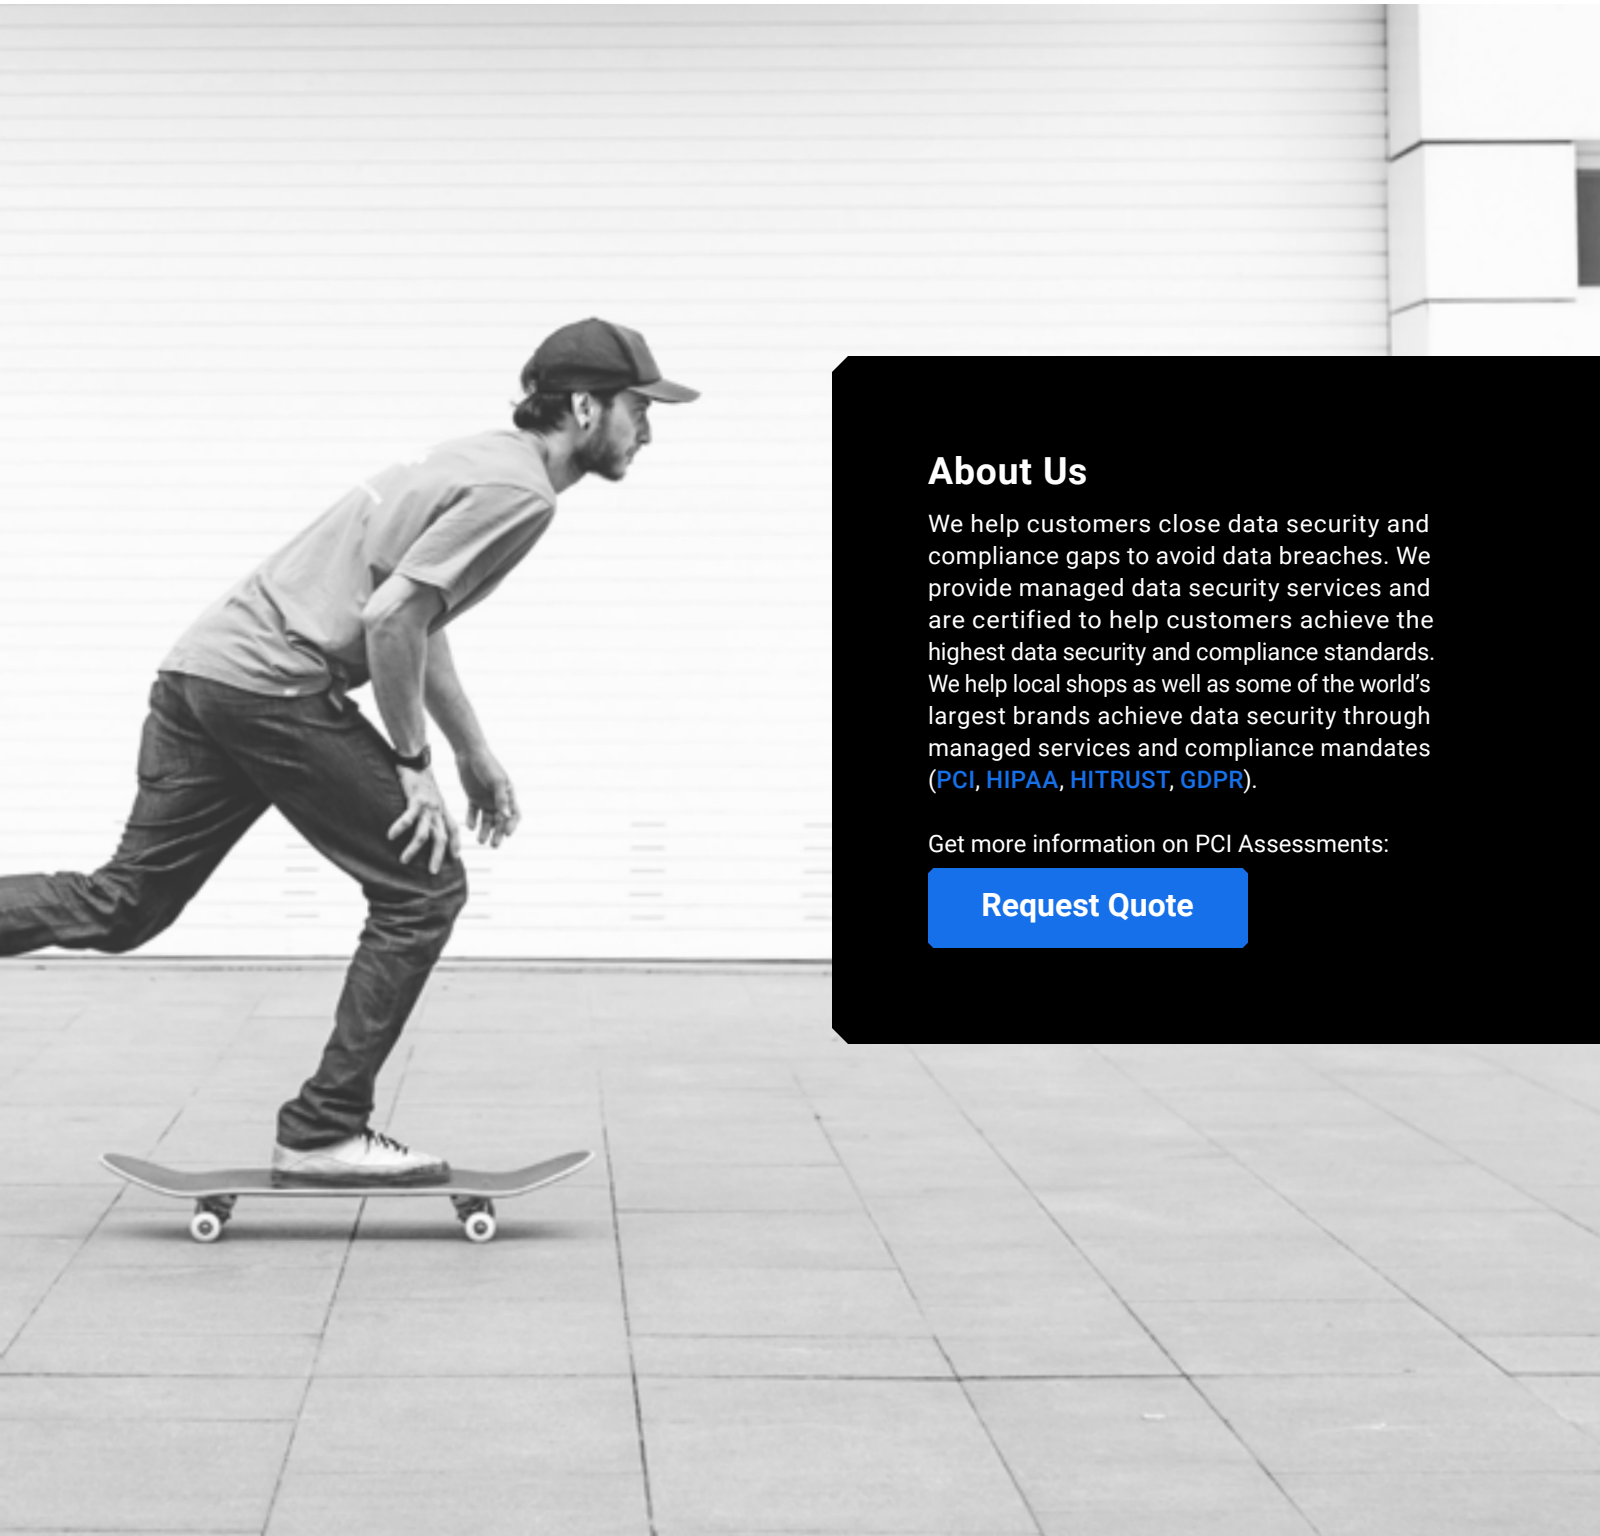

Why SecurityMetrics?

Why Should You Choose SecurityMetrics for Your PCI Program?

- **Reduce Merchant Frustration.** Offer a user-friendly SAQ experience with updated features like applicability notes and merchant self-service options, so they can complete their SAQs quickly and accurately.
- **SecurityMetrics FastPass.** Your merchants will get pre-populated SAQ answers, simplifying their compliance requirements.
- **24/7 Full-Service Support.** The SecurityMetrics award-winning support team provides account assistance and technical support for SAQs and scans via phone (with an average answer time of 15 seconds), live chat, and email, ensuring your merchants get answers.
- **Clear and Concise Language.** We simplify the complex world of PCI with easy-to-understand language in SAQs, making it easier for your merchants to navigate.
- **Full-Service Vendor Expertise.** SecurityMetrics goes beyond PCI compliance with a suite of services like penetration testing and security training to address all your merchants' security needs, providing a one-stop shop for all their security requirements.
- **Dedicated Customer Success Manager.** Your assigned CSM ensures you have everything you need, from data and reporting to compliance campaigns.
- **Easy-to-Use Partner+ Portal.** Our intuitive online portal makes it easy to manage your program, track merchant compliance, and access reports, giving you a clear view of your portfolio's overall PCI health.

About Us

We help customers close data security and compliance gaps to avoid data breaches. We provide managed data security services and are certified to help customers achieve the highest data security and compliance standards. We help local shops as well as some of the world's largest brands achieve data security through managed services and compliance mandates ([PCI](#), [HIPAA](#), [HITRUST](#), [GDPR](#)).
