

BWW Idler

Idler Features

- Thicker shaft than required by CEMA
- Polymer end-cap
- Includes Poly-Shield
- Shell painted inside and out to resist corrosion
- Frames equipped with Poly Center Plugs & Poly Side Clips
- 2 year warranty

Poly-Shield Features

- Fixed Poly-Shield reduces or eliminates rollers seizing
- Reduces maintenance costs and downtime
- Acts as a deflection shield
- Manufactured using flexible and durable polymers
- Easy installation
- Standard on most idlers

Xtreme Seal

Extend the life of your current rollers

XS equipped rollers feature a grease packed cavity behind the shield that acts as an additional barrier for any moisture or contaminants that may get behind the disk (available upon request)

Poly Side Clip/Poly Center Plug

Newly designed Poly Side Clips are quick and easy to install on any idler assembly

- Easy removal for roller changing
- Will not break and can be reused many times
- No tool required for Poly Center Plug
