Ask for the special event insurance details.

They are great people and very familiar with our venue, are properly insured and know how to make your event run smooth and on time. Yes. NYS licensed and approved liquor providers will take care of all reception beverages.

How should we dress? What type of footwear is best?

Weather is always unpredictable. Make sure to dress according to the day's weather. We want you to enjoy our outdoor patio so make sure to bring a sweater or jacket. **Footwear:** the barn still has its original wide wooden plank floors. Stiletto heels are so fantastic but not recommended for walking on the plank floors, stones or grass.
Bring a second pair of shoes (flats or wedges) so you can dance the night away!

Do you have heat or air conditioning in the barn?

We have both. For those nice days, our large barn doors open for a cool cross breeze. We also have a HUGE 18' ceiling fan along with mounted oscillating fans in the Loft. On those hot/humid days we have air conditioning in the Cellar for dining - it's wonderful! For cool Fall days, we have heaters on both levels to keep you warm and cozy.
