How do you read a running program?

You'll jog for three minutes, then walk for two minutes. Repeat this pattern three times!

TIP OF THE DAY

In the 2007 Edition of *'Eating Well with Canada's Food Guide'*, vegetables and fruit make up the largest arc of the rainbow. This emphasizes the importance of vegetables and fruit in a healthy and balanced diet! However, many people struggle to consume the recommended number of servings each day. Try including servings of vegetables and/or fruit with each meal to help ensure you're hitting your daily target! These foods can help reduce the risk of cardiovascular disease and even some cancers. Don't forget that a balanced diet can also improve your energy levels before, during, and after a run!
