ABOUT US

As educators, former teachers, principals, and parents, we make it our number one priority to build the optimum program for your school. We believe children should be given many opportunities for systematic observation and hands-on investigation of both the living and material world.

WE OFFER

- Homework Support
- Fun Fitness
- Discovery Play
- Health And Wellness
- Early Childhood Education Literacy
- Tinker Challenges
- Innovation Stations
- Round Up
- Den

INNOVATION STATIONS

Our STEM-BASED program, Innovation Stations, focuses on scientific reasoning and the physical world. Children are guided in making the important transition and connection between “hands-on” investigation and symbolic representation.

This approach begins with:

- Reflecting and asking questions
- Planning an activity and predicting what will happen
- Carrying-out the activity and observing the outcome

Build **Belonging**
Cultivate **Mastery**
Inspire **Independence**
Practice **Generosity**
