

# airflower™

LET YOUR FLOWERS BREATHE

airflower™ is a new engineered vented stretch film uniquely designed to protect your plants and let them breathe without compromising load containment.

- ✓ Right-sized holes to provide just the right amount of air flow and keep flower heads and stems protected.
- ✓ Allows moisture and heat to escape, reducing mold and mildew damage.

- ✓ Easy application. No more tying off with one side high cling. 100% recyclable.
- ✓ Smooth external surface that keep pallets and trolleys from sticking while in transit.

**IT'S TIME TO RETHINK YOUR PACKAGING**

airflower™ HAND FILM SPECIFICATIONS	
Product Code	WAF161100FL
Film Width	16 inches
Roll Length	1,100 feet
Roll Gross Weight	4.0 lbs
Pallet Configuration	112 rolls/pallet, Ti/Hi: 56/2
Rolls Per Pallet	112
