

**ANOTHER INNOVATION FROM WP INNOVA!**

**An all-purpose, economical, vented stretch film that allows your products to:**

- Breathe
- Off-gas
- Be bulk sterilized
- Dissipate moisture/condensation
- Freeze faster
- Stay fresher!

**Airflow200 has the best containment force of any stretch film available today. What more can you ask of a stretch film full of holes?**

**AIRFLOW IS A PROBLEM SOLVER**

**AirFlow™ 200: Vented Machine Film**

Application method: Machines with power Pre-Stretch systems in 175% - 210% range
