

Cobalt Cusp

67 Lincoln Road

Carterton, Carterton District

A 24-lot residential subdivision located on the western edge of Carterton with close proximity to the town center and Masterton.

Cobalt Cusp is a community focused development with built in services offering the comfort and convenience of modern living in a peaceful setting. Each section comes fully serviced with power, reticulated wastewater and water supply infrastructure. The development has a convenient two-way vehicle access and a spacious community reserve of 1 hectare vested to the local council for maintenance.

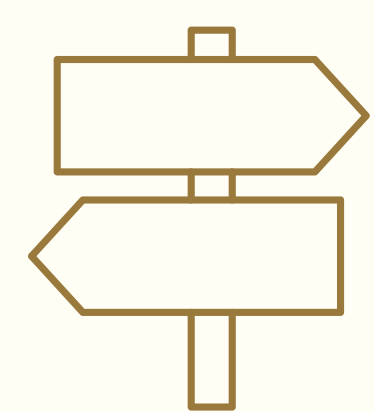

24 residential sections available with area ranging between 450 to 820 m² priced from \$225,000

The one-hectare reserve provides room for recreation, gatherings, and relaxation. The area will include lush native vegetation and a short board walk.

Location

Close proximity to the Carterton town centre and Masterton

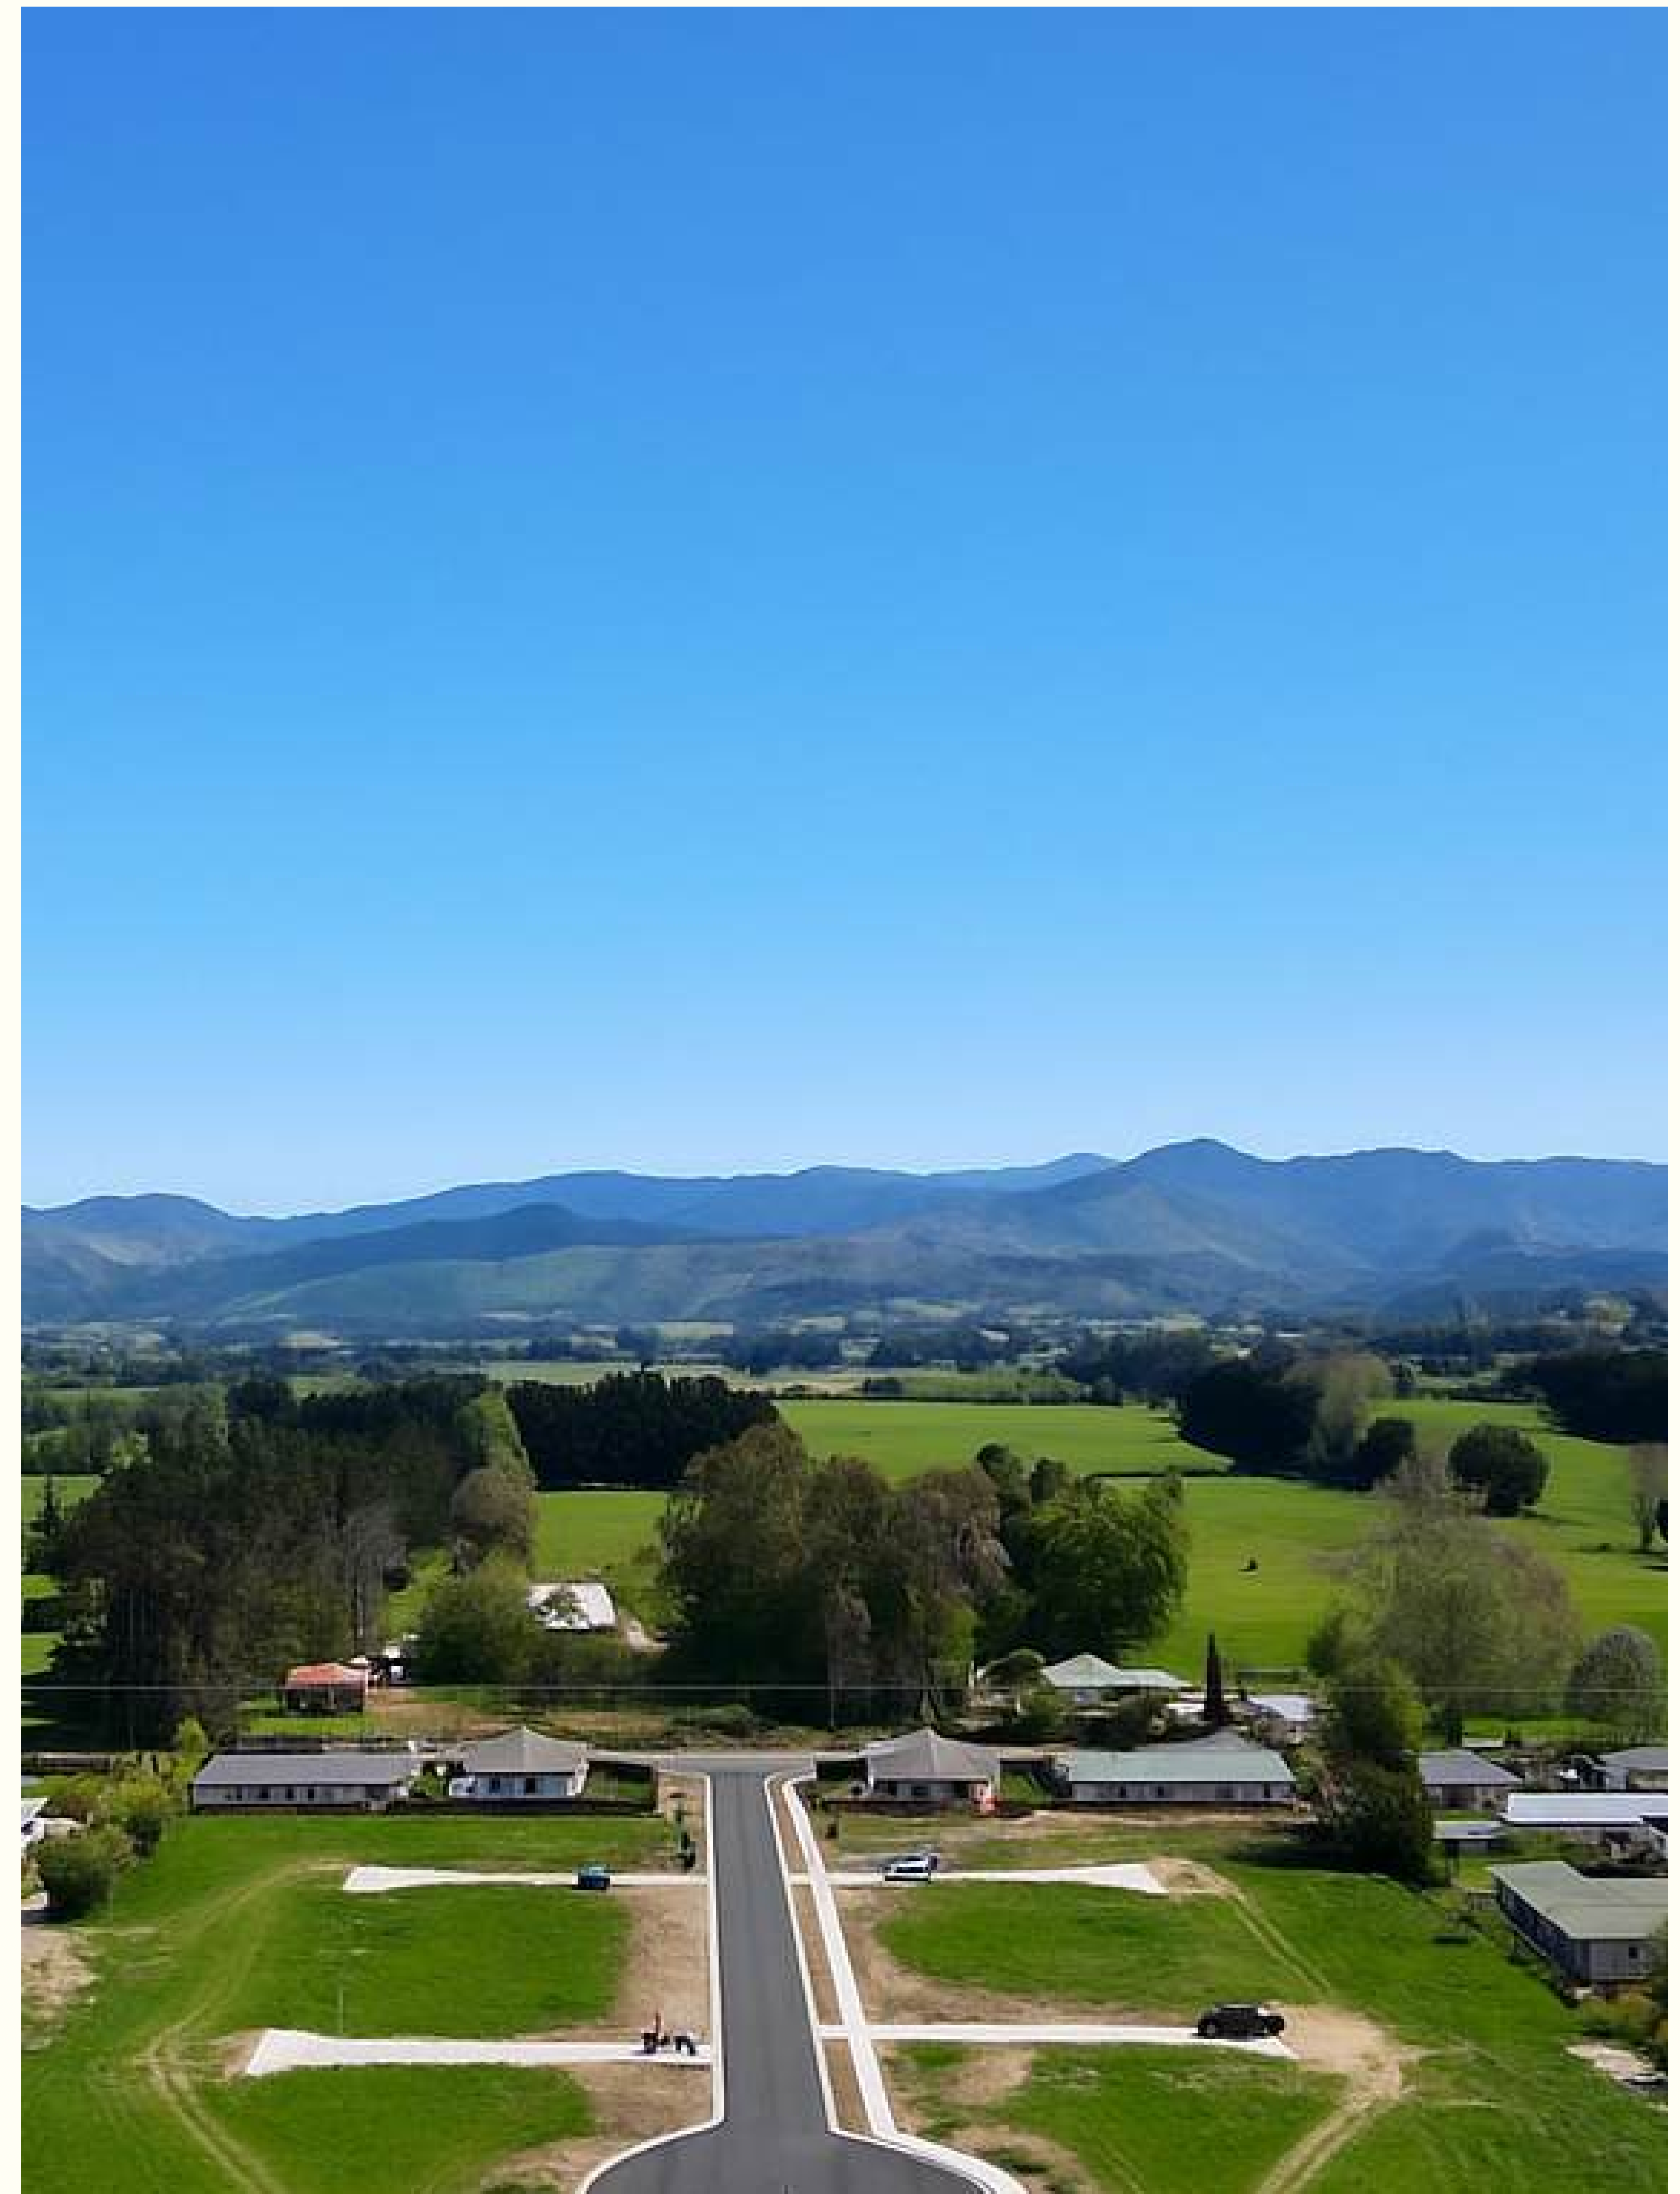

Facilities

Serviced sections with power, wastewater and water supply infrastructure

Community Reserve

Large open reserve spanning over 1 hectare
