

Vogel Street

Woodville, Tararua District

A semi-rural setting with typically 5000m² sections that are fully fenced with power supply at the boundary. The layout incorporates the watercourse and enhances this through riparian planting and creation of buffer zones as part of the subdivision.

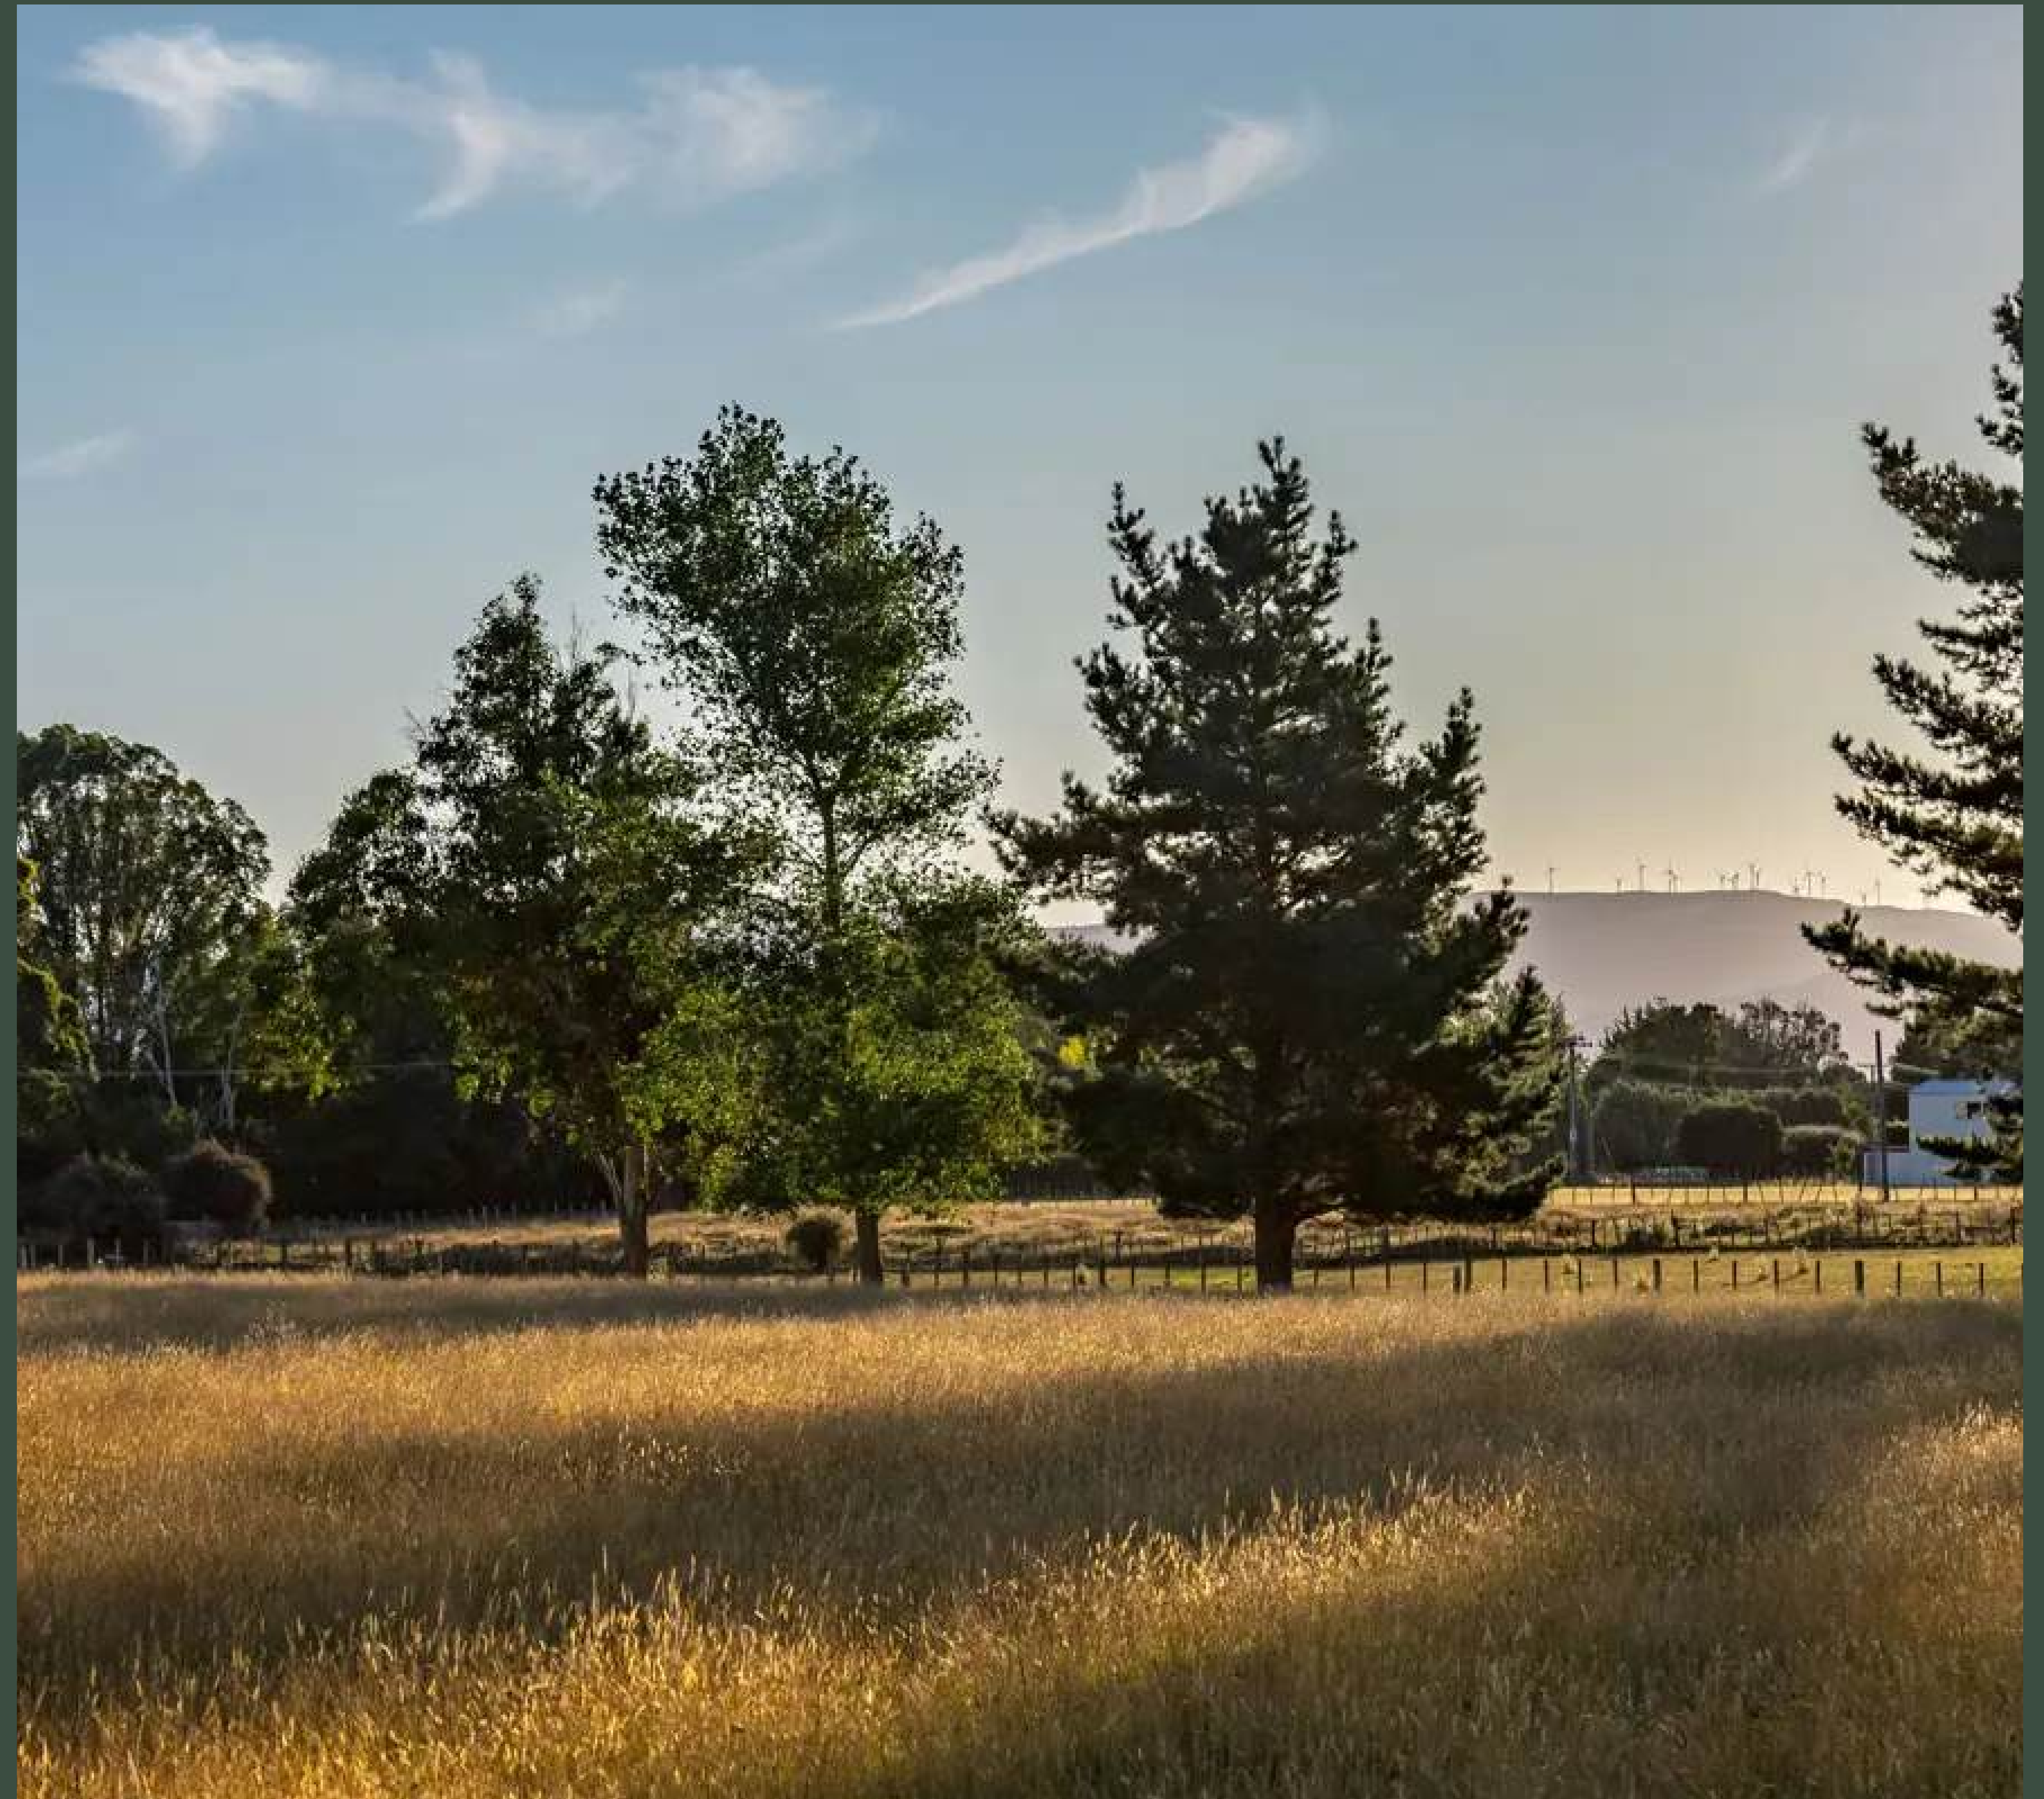

Set in a tranquil semi-rural landscape, this property is designed to harmonize with its natural surroundings. Each 5000m² section is fully fenced and connected to power at the boundary, with thoughtful riparian planting and green buffer zones enhancing the watercourse. Indoors and out, the home celebrates connection to nature, and generous space for future possibilities.

A 7-lot lifestyle subdivision within walking distance to Woodville Town Centre.

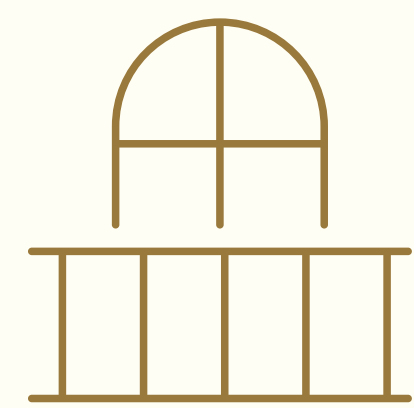

Each fully fenced lot comes with power at the boundary for your dream home. A natural watercourse runs through the development, enhanced by native planting and thoughtful buffer zones that preserve its tranquil setting.

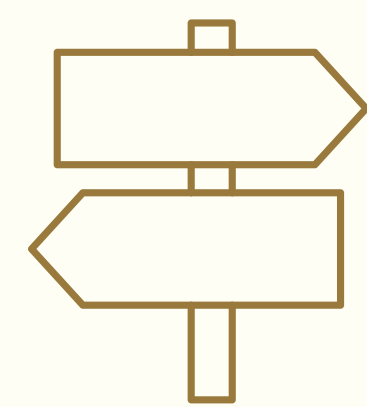

Environment

Proximity to Woodville Town Centre and Palmerston North City.

Natural Character

The main watercourse running through the site with riparian margin and native planting

Access

Fully fenced sections
