

# Bowen Street

Woodville, Tararua District

**A residential subdivision with a focus on restoring the existing natural characteristics and structures.**

This 11-lot residential subdivision sits near the heart of Woodvilles town centre. We have retained, relocated and remodelled the existing houses on two of our sections, while the remaining lots come in various sizes to cater to a diverse range of households. The layout embraces a central stream that is enhanced with riparian planting.

**An 11-lot residential subdivision with lots ranging from 250 to 917m<sup>2</sup>**

We relocated an existing house to the site and modeled the house to suit the conditions of Lot 5.

The existing home build in the 1940's was restored and remodelled on Lot 6 of this subdivision.

Contact us to find out more information about this project.
