

Smarter funding. Fairer outcomes. Faster support.

Powering **SEND** decisions with data, fairness and transparency.

Harness AI-powered tools to improve EHCP quality, reduce delays, and deliver fair, needs-based funding.

Why Funding Genie?

Fair and transparent

Ensure similar funding for similar needs – reducing disputes and building trust.

AI support

Summarise EHCPs, flag issues, and generate clear rationale instantly – without replacing professional judgement.

Budget control

Track allocations, forecast spend, and model future scenarios in real-time.

National framework ready

The only funding solution designed with the upcoming national model in mind.

Rapid deployment

Get up and running in days – not months.

Real-world results

£66.33 ROI
for every **£1**
invested

Helps councils
meet the
critical 20wk
EHCP statutory
deadline **25%**
more often

87% funding
consistency
across local
authorities

70% reduction
in admin time
on funding
decisions

Save **£98,000**
in panel
management
over 5 years

[Funding Genie] has made the funding process more transparent and defensible – reducing negotiation time and improving confidence across teams.

How it works

A streamlined pathway from need to funding – built for confident decisions.

- 1 Structured needs profiling**
Capture every child/young person's needs in a consistent, standardised way.
- 2 AI-powered EHCP summarisation**
Imogen extracts key content, highlights gaps, and creates defensible rationale in seconds.*
*Available as an optional add-on to the core Funding Genie.
- 3 Built-in QA checks**
Spot inconsistencies before panel – improving accuracy, reducing delays.
- 4 Funding allocation and forecasting**
Allocate based on needs and forecast impact across your budget.

What you get

- Evidence-based funding decisions
- Faster EHCP timelines
- Better resource targeting
- Fewer challenges from schools
- More young people supported in mainstream settings

£1.79b

preventable costs mitigated annually with consistent, data-driven funding decisions across England.

17,000+
children/young people processed recently

£120m+
in top-up funding allocated

2/3
of young people supported to stay in mainstream education

Working with councils for over 30 years
