

EHCP Genie

Launching Soon!

AI-powered support to draft, review, and QA EHCPs with human expertise at the heart of every decision.

Why EHCP Genie?

Support where you need it most

Whether it's new plans, annual reviews, or phase transfers, EHCP Genie is built to support every stage – with a focus on where the pressure is greatest.

Co-designed with councils

Developed in partnership with local authority SEND professionals, EHCP Genie meets real-world needs, workflows, and expectations.

AI that assists – not replaces

EHCP Genie drafts content and highlights inconsistencies, but professionals stay fully in control. You decide what goes in the final plan.

Real-world results

EHCP Genie is currently in development and features will be available in stages over the coming months – here's an overview of what the final product will be able to do:

Drafts new EHCPs in line with statutory guidance

Redrafts and updates for annual reviews and phase transfers

Highlights inconsistencies and missing content with QA checks

Strengthens the golden thread from need to provision to outcomes

Helps develop clear and measurable SMART outcomes

Keeps your data secure and fully UK-hosted

Supercharge your EHCP and SEND funding processes

EHCP Genie is available as a powerful standalone module, or as part of the SEND Genie Toolkit. The SEND Genie Toolkit includes:

EHCP Genie

For drafting, reviewing and quality assurance.

Funding Genie

For transparent, evidence-based banding.

Insight Genie

For real-time tracking of need bands – with enhanced forecasting features coming soon.

Measurable impact

EHCP Genie is part of Imosphere's proven SEND Genie Toolkit, which delivers:

25% more likely
to meet the 20-
week statutory
deadline

Increased family
confidence
through
consistent,
higher quality
plans

Up to 70%
reduction in time
spent drafting
and reviewing
plans

Stronger
inspection
readiness
and plan
defensibility

Ready for reforms; trusted by councils

EHCP Genie is fully GDPR-compliant, UK-hosted, and built for today's challenges and tomorrow's digital EHCP reforms.

Working with councils for over 30 years

Working with Imosphere and implementing their SEND Funding Genie has been a catalyst for change in Kingston and Richmond – especially in how we think about the EHCP and annual review process.

Project Manager at Achieving for Children (Kingston & Richmond Councils)

EHCP Genie is launching soon

We're inviting a small number of local authorities to join as early adopters. Register your interest to be first to hear when it goes live, access preferential pricing before the end of 2025, and explore a place in our limited Development Partner Programme.
