SERVICE BRIEF

Citadel Risk Assessment Platform

Cyber Insurance Powered by Citadel

END-TO-END ASSURANCE

Your client's will benefit from customized, data-driven cyber insurance solutions. We seamlessly integrate real-time insights from Fortress' Citadel Risk Assessment Platform (RAP) directly into the underwriting process.

This objective, data-driven approach enables Insurers to confidently provide terms and conditions that correspond directly to your client's unique risk profile.

By automating essential data collection steps, McGill provides a streamlined insurance experience with minimal manual input. Your clients will enjoy a frictionless journey, with premiums aligned to their risk posture.

HIGHLIGHTS

- **Data Fidelity**: Validated, real-time data insights that objectively measure your client's cyber risk through the Citadel platform.
- **Tailored Terms**: Premiums that are aligned with your client's risk profile, offering transparent, customized pricing based on their unique risk posture.
- **Streamlined Cyber Risk Management**: Risk transfer tied to the cyber security technology and services your clients invest in. Premium quotes reflecting Citadel's telemetry-based risk assessment and data insights.

PRODUCT

- **Capacity**: Up to $10M in coverage per risk.
- **Coverage**: Extensive first- and third-party cyber protection.
- **Security**: Strong financial backing, providing your clients with trusted, reliable protection from a partner they can depend on.

INSURER

Partnering with a next-generation global specialty insurer, leveraging visionary leadership, exceptional underwriting expertise, a focus on complex product lines, and a digitized operating model.

McGILL AND PARTNERS

SERVICE BRIEF

Citadel Risk Assessment Platform

Cyber Insurance Powered by Citadel

McGILL AND PARTNERS

McGill and Partners is a specialist insurance and reinsurance broker focused on complex, challenging risks. Supporting clients around the world, McGill and Partners believes specialty placements require true expertise, deep relationships, and a genuinely fresh perspective.

As a global unified team, McGill and Partners works to deliver bespoke solutions that help clients achieve their strategic goals through the effective transfer of risk. With deep expertise in and knowledge of the rapidly changing cyber insurance marketplace, McGill and Partners helps clients better solve for increasingly sophisticated cyber risks – supporting their business objectives, operations, and resiliency.

Founded in 2019, the firm has significant backing from funds affiliated with Warburg Pincus, a leading global private equity firm. Recognized as a top 1,000 fastest-growing company in Europe by the *Financial Times*, McGill and Partners continues to expand in the UK, US, Bermuda, Ireland, Switzerland, Germany, Australia and beyond.

EFFORTLESS ONBOARDING

Fortress' cutting-edge technology protects customers from cyber threats and seamlessly collects risk telemetry through an effortless API integration.

TAILORED PREMIUMS

Citadel RAP enables the Insurer to accurately evaluate your client's cyber posture and provide data-driven insurance premiums tailored to their specific risk profile.

AUTOMATED RISK ANALYSIS

Citadel RAP streamlines the insurance application process by automatically completing key questions, with minimal need for manual input.

SEAMLESS BINDING

McGill works with your clients to finalize insurance coverage, quickly and efficiently providing a secure cyber insurance policy.
