WHAT TO EXPECT

We are delighted to welcome you to the **Fifth Diagnexia Histopathology Symposium at The Queen's College, Oxford**. Over two days, you'll hear from internationally recognised experts as they share practical insights, challenging cases, and the latest developments across a broad range of pathology subspecialties.

Your experience begins on **Wednesday evening** with registration and a **cocktail reception**, providing the perfect opportunity to meet fellow delegates and speakers in the historic surroundings of The Queen's College.

Across **Thursday and Friday**, you'll enjoy a programme of expert lectures, case-based discussions, and interactive educational sessions covering topics including gastrointestinal, breast, lung, skin, gynaecological, renal and soft tissue pathology. Refreshments and lunch will be provided throughout both days, with plenty of opportunities to network with colleagues.

On **Thursday evening**, delegates will gather for our traditional **Gala Dinner** in the magnificent Queen's College Dining Hall. On **Friday afternoon**, you'll have the opportunity to enjoy a **guided walking tour of Oxford** before the Symposium concludes with an interactive surgical pathology slide seminar and closing remarks.

The Diagnexia Histopathology Symposium is an opportunity to learn from world-leading pathologists, exchange ideas with peers, and return to your practice with practical knowledge you can apply immediately.

We look forward to welcoming you to Oxford.
